

Kinzua Graders Enjoy Columbia Field Trip

By VIRGINIA KELSO

KINZUA—The second grade class of Kinzua grade school, nine members strong, with their teacher, Mrs. Connie Spivey, Glenn Spivey, and Mr. and Mrs. Don Cory had a day-long field trip down the Columbia River Highway Saturday where they experienced many new thrills and wonderful sights which unfolded before their eyes.

They left Kinzua at 7 a.m. with the first stop at Celilo where the first of several picnic lunches was enjoyed. Going on into The Dalles, they stopped at the Mayflower Distributing Plant which they toured. The highlight of this was a visit to the storage room with its 20 degree below zero temperature. Even the ice cream they were served seemed warm after this experience.

They then went on to Bonneville Dam and the Bonneville fish hatchery where the main attractions were the huge salmon and salmon floating in their tank houses. Again, a picnic lunch with chicken furnished by the mothers and enjoyed by all. Back to The Dalles and a visit to Radio Station KODL where Connie Schroeder and Kent Ball were thrilled to send their voices over the air to thousands of listeners. Then to the Fire Station where the firemen went through an actual demonstration of answering an alarm and amidst all the clatter and banging came sliding down the big brass pole. After a visit to one of the large supermarkets, each boy and girl was allowed to visit the 88c store and purchase articles important to second graders.

Next they visited the Bowling Lanes where bowlers were seen in action and quantities of soda pop were consumed. Enroute home they stopped to observe the many tugs pulling barges up and down the river and to watch trains on the tracks paralleling the highway. Another picnic at Celilo and then a stop at the Condon Air Base and a quick look at the radio towers. Then on home at last, a tired and happy group filled to the brim with tales to tell Mom and Dad.

The audience response to contestants was recorded on an applause meter, assisting the judges, Mrs. Bill Collins, Howard Bryant and Dr. Wallace Wolff, in choosing winners.
