UOFO EUGENE, ORE.

College Serial Levy Vote Slated Monday

Jack Bedford Promoted; **Venard Here**

John Bedford, manager of the Heppner branch of First National Bank of Oregon, will assume new duties during July at the bank's head office in Portland, it was announced by Ralph J. Voss, president of the statewide banking system.

Voss said Bedford will be involved in the administration of all First National branches east of the Cascades.

Bedford's replacement in Heppner is John Venard, who has served as manager of the First National office in Madras since the branch opened in July of 1962. Venard was general loan officer in Heppner between April, 1957, and April, 1959.

A First National employee since 1927, Bedford worked at te banking office in Pendleton until is appointment as Heppner manager in January, 1953. He was promoted to pro assistant cashier in 1910 and to assistant cashier in 1945, after returning from military service.

Bedford is past president of he Heppner - Morrow County Chamber of Commerce and has served as treasurer of local chapters of both the Oregon United Appeal and te Oregon Society for Crippled Children. In addition, he has acted as Morrow County chairman of U. S. Savings Bond

He has been active for a num-ber of years in the Morrow County Livestock Growers Association and the Oregon Farm Burenu.

Venard joined First National in 1948 and served as installment loan officer at several branches prior to coming to Heppner in 1957. He left the lo-cal banking office to become manager at Merrill.

His banking career began in 1939, when he went to work for the National Eank of Chehalis in Washington. He served with

the U. S. Army between Feb-ruary, 1941, and April, 1946, and worked for another Washington bank before joining First National While in Madras he served as director of the Jefferson County uled Chamber of Commerce, Beef Club leader for the Jefferson County 4-H and member of the Madras Volunteer Fire Department, Jefferson County Livestock Association and the Central Oregon Banking Group. He belongs to Elks, Rotary, Masons, Order of te Eastern Star. Bert Huff will be transferred from the Heppner branch to Klamath Falls beginning July 1. His last day in the local bank be Friday, after which he will be on vacation for two weeks. Replacing him is Jack Locke, assistant cashier and general loan officer, who comes from Portland. Locke and his family have already moved to

Boardman Asks Decision On School Site in New Town

Need for a decision as soon as possible on plans for the school site owned by the Morrow Coun-ty school district in the new Boardman townsite was impress-ind the built on the site 10 cents

boardman townsite was impress-ed on the board of directors by Holly Cornell, engineer for Boardman, and Mayor Dewey West at the regular board meet-ing Monday night. Cornell explained in consider-

The problem is to develop plans for the new city feasibly economically, and rapidly, the engineer said, and the city needs to know if a school will need to be serviced.

"Frankly, we're in a real tough position," Cornell said. "We need to know what to do." He pointed out that time schedule calls for advertising for construction bids on streets, drainage, water system and sewer system by August of this year. Construction of the utilities is to be started by September and it is necessary to know about sewer loads by July. Mayor West and Cornell as-sured the board that hookup charge to the sewer system for

the school district—if a school is located there—will be offset by the allowance of the Corps of Engineers for installation of a septic tank.

However, Cornell added, "It may not be quite as blank a check as that."

As a matter of interest to the As a matter of interest to the board and audience at the meet-ing. Cornell explained that the city will have 90 residential lots of 15,000 square feet each. Total cost per lot has been tentatively figured at \$1100, including cost of sewer and other utilities.

Commercial lots, each of 15,000 square feet or more, will be \$5000 per lot. Allowance has been made for 20 such lots, and there are already subscriptions for all lots.

Mayor West said that because of publicity on the Boeing pro-ject there has been a great de-mand for business lots in the new townsite and said that if applications had been acall cepted, the town would need 80 more.

"But we have to keep our thinking realistic," he said. Lots in the new townsite may

be put up for sale after July 15, he said.

board meeting will be Tuesday, June 23, to take care of busi-iness at the end of the fiscal Recommendations included these

1. That consideration be given to the formation of an administrative subdistrict combining the "North End" with the north-west corner of Umatilla county. 2. One high school plant for the "North End" area.

3. This plant should be located in the area of greatest secondary pupil population. Certain economies could be effected by locating the building on a new site adjacent to the existing Irrigon Elementary school. 4. These savings could be

made by a reduction in number and type of facilities required for the Irrigon Elementary buildweek for both adult and youth for ing.

5. Care to be taken to obtain under the supervision of the a site sufficient in size to ade-The quately support a secondary school program.

The letter of affirmation said, "We believe that the above statements are sound and we

will continue to support them." It pointed out that responsibility for making a decision rests with the school board.

"We can only advise," the letter, written by Leonard P. Min-ear, superintendent of public

instruction, said. "If the high school is located the hours that the gym is open in Irrigon, it makes it possible He said that this will probably be done by setting aside a portto use the facilities in the future for junior high school purpose ion of each evening, possibly earlier in the night, for the acif consolidation with Hermiston tivities of the smaller youths and is effected. This perhaps should leave the later portion for ac-tivities of older youths and decision."
