# Boys Get Awards At Lions Meet; Judge Speaks

Six boys who were first place winners in the recent Fun, Pass and Kick contest were presented awards at the meeting of the lone Lions club Monday night. Their parents were present as guests.

The lone Lions assisted in staging the event, which was sponsored by Heppner Auto Sales. Presentations were made by Dave Barnett of the company, also a member of the club.

Football jackets were presented to Randall Morris, 8, who scored 197½; to Dick Snider, 9, with 155½; and Jerry Lettyjohn, 10, with 190. Plaques went to Dean Wright, 11, with 201½; to John McCabe, 12, with 248; and Jim Swanson, 13, with 325½.

Parents present were Mrs. Edgar Morris, Mr. and Mrs. Harold Snider, Mr. and Mrs. Jim Pettyjohn, Mr. and Mrs. Albert Wright, Mr. and Mrs. Ernest McCabe and Mr. and Mrs. Gar Swanson.

Barnett said scores are now entered with other winners around the state, and some of the boys may have a good chance to advance for further honors.

Judge Edward Howell, who is seeking the position of justice on the Supreme Court bench, position 7, at the general election, was also a guest and spoke to the group.

There are 56 circuit judges in the state, of whom he is one, he said. Condition of the dockets of the Supreme Court and circuit courts in this state are in the best condition in the nation. In California, he said, cases often are delayed three or four years before being heard, but in Oregon their time in court comes within six or eight months ordinarily.

The judge spoke humorously of some of the incidents that happen to a campaigner. He told of traveling 540 miles to go to Eugene from his home in John Day and back to make a one-minute appearance on television. District Attorney Herman Winter introduced Judge Howell. Judge Oscar Palmateer also spoke briefly.

President Ted Palmateer conducted the meeting.

# To The People Of Morrow County

When it comes to speaking about politics and politicians, I must say I'm not a good politician. I am a candidate for re-election to a position which I hold, that of county judge. I want to run on my record.

Certainly my record in all aspects has not been perfect, far from it, but being exceptionally interested in our Morrow county and the people here, I have been most ambitious in many categories. Naturally there have been some conflicts, but under the program I have tried to pursue I feel that they are very minor.

Morrow county has many undeveloped resources. Among these are water resources. I am intensely interested in developing these for the highest and best use—recreation, irrigation, etc. We can do much in developing these.

Also in our north Morrow county waterfront we have a tremendous potential. The Mid-Columbia Planning Council is just now having a study made by consultants Cornell, Howland, Hayes and Merrifield. We expect some fine reports here as to highest and best use for the area. We plan to make recommendations based on these. I am chairman of the Mid-Columbia Council.

Our road program is an important one. We need better roads leading into the central part of our county, particularly from the south and east. We have quite a good program here, and it is just started. We are striving for results and are getting them. From the north and west we can look forward to a greatly improved State Highway 74. We have appeared before the State Highway Commission many times in connection with this and are getting results.

Also on our county road program we have not reached every area as we would have liked but certainly have most of the roads covered with a good crushed rock base. We have been doing our own oiling work which has been in the neighborhood of 25 or 30 miles each year for the past three years and seems to be proving very satisfactory. It appears that this will need a re-seal about once every three years. We hope to continue our road program and as we highly appreciate the special road levy which has been with us now for some 12 years, we urge the voters to look favorably on passing the levy again. We are asking for only \$100,000 now, whereas originally it was \$135,000.

About taxes: Much could be said. There is a certain amount of money to be raised for county government, schools, roads, etc., and certainly we want to hold it to a minimum. I myself will pay this year \$3569.62. Last year I paid \$3220.84. Son Donald is paying \$3237.35. Last year he paid \$2674.63. Son Gerald is paying \$903.30. Last year he paid \$858.66. A reappraisal program is coming along well now and should be complete next year. On top of that, we have a special tax committee composed of Dick Krebs, chairman, Norman Nelson, vice chairman, Paul Tews, secretary, Bernard Doherty, Paul Hiesler, Max Jones, Bob Smith, Elmer Palmer, Larry Lindsay and George Luciani. They meet periodically.

We have a juvenile program. On a percentage basis our juvenile program in Morrow county is not great. Nevertheless we have the problem. I am proud of our juvenile advisory council. On it are Mrs. E. Markham Baker, Mrs. Larry Cook, Mrs. Roland Bergstrom, Mrs. Paul Slaughter, and Mrs. Joe Tatone. Also with them is our welfare administrator, Lowell Chally. At present we have Kenneth Robinson as our juvenile counselor, assisted by Bill Alsop. Previously Charles Knox was with us for three years as counselor.

Much is made of my age as becoming of retirement age before the expiration of another six year term. According to O.R.S., Vol. V, Article 7, 1A, judges holding judicial functions must retire after having reached the age of 75. Be that as it may, there would be a full four years of another six year term that I can rightly serve. And it is possible that even the full six years would be permitted.

Since I am now serving as Morrow county judge and have the health and ability, I would like to continue for another term or as much of it as is permitted, and would ask the voters for their kind support.

Thank you most kindly.

Sincerely,

**OSCAR E. PETERSON**
