(Continued from page 1)  
 Bend which declares solicitors and peddlers a nuisance. Councilmen were skeptical of this approach to the transient solicitor problem, however, because of the possible effect it would have on local reliable salesmen and charitable drives.

Chief of Police Dean Gilman said that a new permit form to be used for insurance to transient magazine salesmen, listing car license, home addresses and other pertinent information, might cut down troubles experienced here in the past.

Attorney Abrams offered to investigate more into the matter of a system of business licenses or occupational fees that could be made higher for outside solicitors. The council requested him to do so.

The attorney was also asked to check on the matter of the requirement which makes it mandatory for the city to call for bids on items over \$500. Councilman John Pfeiffer said that this has been in effect for many years, and items that formerly cost \$500 now cost several times that amount.

Restricting the city in purchase of needed supplies, Attny. Abrams said that he believes the matter is regulated by ordinance or charter. He will investigate and report at an ensuing meeting, the idea being that the council will seek to raise this minimum figure to a more practical one.

A building permit sought by the B & B Trucking Company for alterations and repairs in the amount of \$650 at its location on Water Street was deferred pending a check by City Superintendent Vic Groshens.

This was done on recommendation of Councilman W. C. Rose, who said that with zoning imminent and complaints being received on power poles near new buildings, the city should see that utilities requirements and other regulations are met before permits are issued.

The councilman made it clear that he did not want to discourage building. "We want to encourage building," he said, "but we need to see that construction meets city regulations."

The council passed on third reading an ordinance vacating an alleyway requested by Dr. Ed Schaffitz. It approved paying expenses of Attny. Abrams to a League of Oregon Cities convention in order that he might attend the zoning and planning session.

Payment of \$5 to each of the 28 election board members in Heppner was approved.

On recommendation of Chief Gilman, pay of Night Officer John Mollahan was increased to full pay of a night patrolman after completing six months as the night officer.

### Trail Completed To Arbuckle Top

Clearing crews completed work on the ski trail from the top of Arbuckle Mountain Monday. The trail is about a half mile long and varies in width from 50 to 75 feet. At places it intersects existing clearings. An inch of snow covers part of the area and work crews are now concentrating on erecting the rope tow hangers and tow drive before snow depth gets too deep. Tentative date for opening of the area is Thanksgiving week-end.

Although only about half of the new trail can be reached by riding the rope tow, skiers can have the thrill of skiing the whole mountain by climbing to the summit. The view from the head of the trail looks out over the Johnson creek drainage toward Pendleton country.

Week-end guests at the home of Rev. and Mrs. Len B. Fishback were their son-in-law and daughter, Mr. and Mrs. Harry Bodine, and son Dick, of Cedar Hills near Portland. Mr. Bodine is employed in the editorial office of the Oregonian. Earlier in the week, a son-in-law and daughter, Mr. and Mrs. Dick Fishback and two children, Mike and Paul Scott, came from their home in Portland to visit. Mr. Fishback is also on the Oregonian staff, as a sports writer.

### Mustangs Finish With Good 12-0 Win Over Sherman

Victory over the Sherman county football team at Moro Friday night brought the end to a successful season for the Heppner High Mustangs, finishing them with a 4-1 record in Greater Oregon League play (western division), just a notch behind first place Burns with 5-0.

The Mustangs scored a 12-0 triumph, more decisive than the score indicates. The Horsemen ran and passed to a total of 290 yards against but 123 for the losers.

Carl Bauman, senior end, drew first blood for the Mustangs when he took a short pass in the second quarter to gain the needed two yards for a touchdown.

### Ione Church Plans Memorial Dedication

Memorials which have been added to church property of the Ione United Church of Christ will be dedicated at a special part of the Sunday morning service, beginning at 11 a.m., according to the Rev. Walter B. Crowell, pastor.

To be dedicated are an outdoor lighted church bulletin board, hymn book racks on the back of pews and a memorial book containing records of gift memorials during the past years. Many members of the church and community have participated in building up the memorial fund in memory of departed relatives.

### THANK YOU!

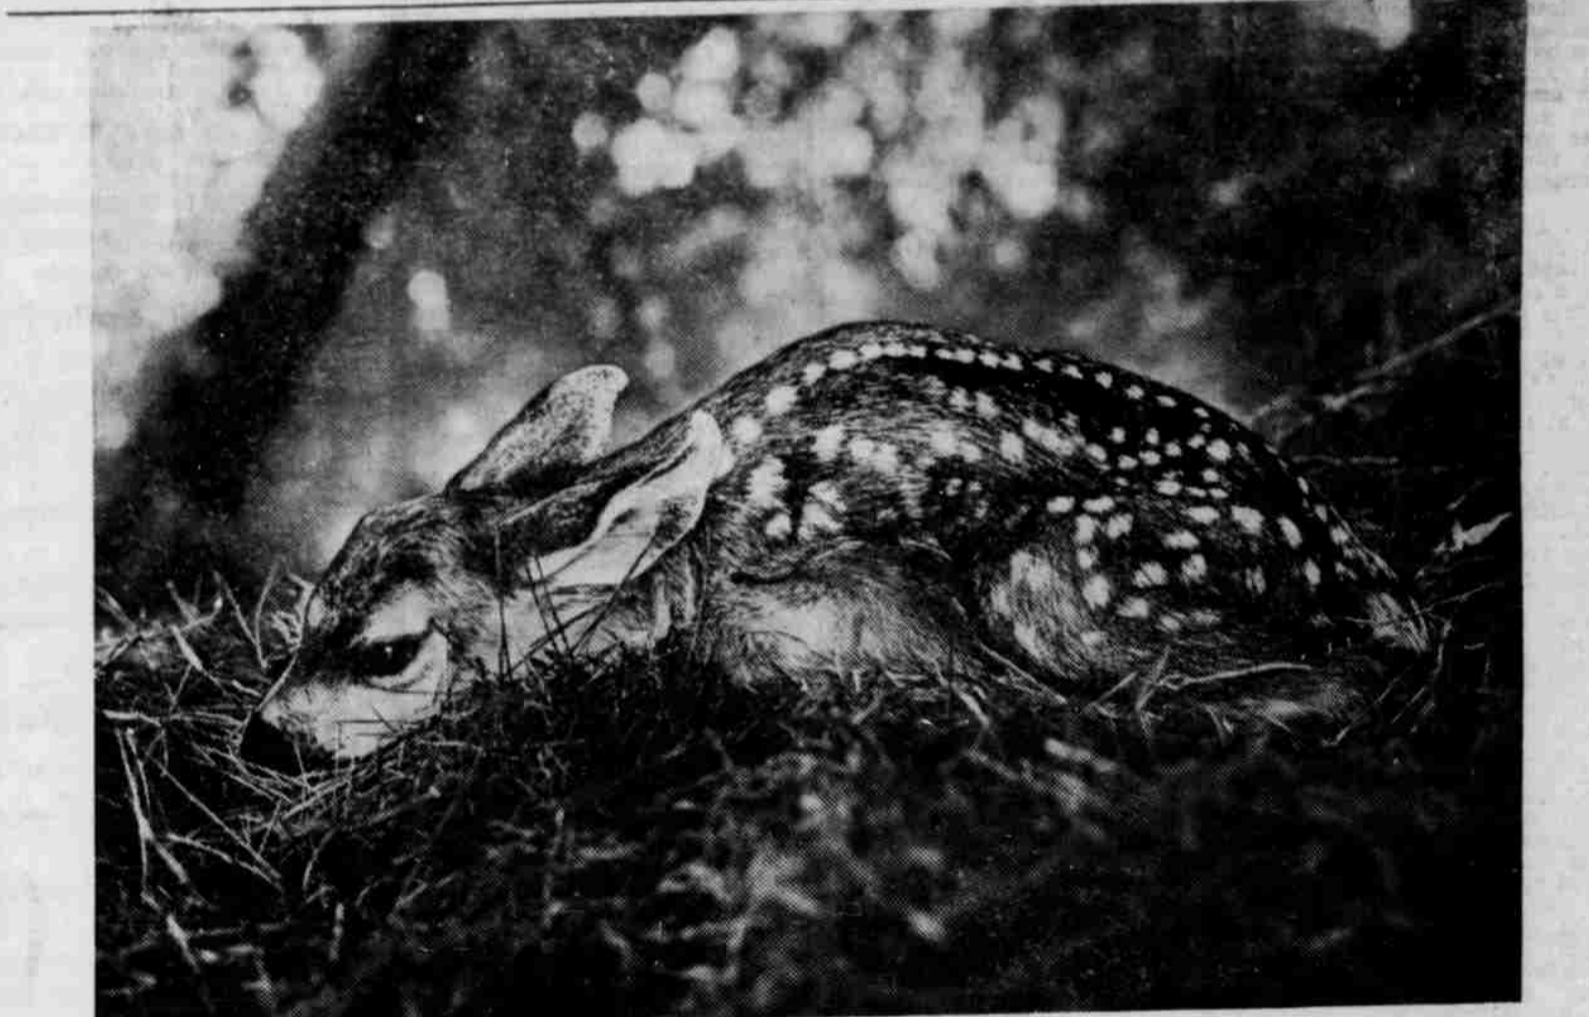

If I could have my "druthers" I would thank personally each of the Heppner Citizens who showed their confidence in me on Election Day, but since we in America are blessed with the privacy of the Secret Ballot, I take this means of saying "Thank you."

I intend to live up to all my campaign promises!

### New arrival: seeks long-term lease

This new-born fawn and all his kind will prosper. Thanks to the Federal Wilderness Law, millions of beautiful acres will be set aside as a perpetual wilderness and home for wildlife.

Standard Oil welcomes it. Our drilling crews work in close cooperation with fish and game and wildlife officials. Our helicopter crews cooperate in forest fire patrol. Standard men have even gone out of their way to enlarge a breeding pound, or truck water to drought-stricken animals.

If oil is found, operations are planned with a minimum of disturbance. Working areas are fenced to protect the animals... wildlife returns, often increases.

Standard Oil men are good neighbors to the wilderness.

When you go to enjoy the great outdoors and its wildlife, rely on the man at the Sign of the Chevron. He'll help you get there, with free touring information, and highest quality S. O. products for your car and boat.
