WE HAVE THE NEW
Polaroid Color Pack Camera II
(The Automatic 101)

BUDGET PRICED

This new, economy styled, Color Pack II has most of the advantages of the first Polaroid Color Pack Camera, but costs less! It makes the same post card size color pictures in 60 seconds, black and white pictures in only 10 seconds.

The transistorized shutter makes perfect outdoor exposures for both color and black and white film. Indoors, the shutter can read the light and set exposure during the flash of a flashbulb. The color Pack II weighs less than most 35 mm cameras, loads in seven seconds, and has a new, simplified film selector. Best of all, it is the camera for the budget minded buyer.
