

Workshop to Aid Project Leaders In Year's Plans

By DONNA GEORGE

Morrow County Extension Agent

All home extension unit members and other interested persons are reminded that the special Project Leader Workshop and unit Officer Training is Tuesday, October 5.

The Project Leader Workshop, which will begin at 9:40 a.m. and adjourn by noon, is a training session for volunteer leaders in demonstrations, discussion leading and other teaching methods.

Hints for teaching sewing and clothing lessons will be given by Mrs. Walter Wright of Heppner, an experienced leader in extension clothing workshops. Mrs. E. M. Baker, lone, will present demonstration ideas for foods and home management. A home extension unit member from Umatilla county, Mrs. James Sampson, will show ideas for making and using visuals. (Mrs. Sampson has given similar presentations at workshops in Pendleton and at the Oregon Extension Homemakers state meeting in Corvallis.)

Mrs. Warren McCoy of Irrigon, a district leader of the Oregon Extension Homemakers council, will be in charge of additional suggestions for the project leaders, covering such topics as teaching "think" or "discussion-type" lessons, building confidence, etc.

Members of other groups who use volunteer lay leaders in their educational programs are encouraged to attend.

The Morrow Home Extension committee will be hostesses for the event and sponsor officer training for Home Extension Units at 1:15 p.m.

Pattern Alteration Training Available To Local Women

Women who sew are reminded to contact the County Extension office before October 8 if they wish to enroll in the extension Pattern Alteration Workshop. This is important so that they will receive additional information and so that project leaders can be named for the communities where there is demand for this training.

In order to benefit from this workshop, participants should have experience in using patterns for making such garments as blouses or dresses.

"To make the best better" is the motto of some 2 1/2 million 4-H boys and girls from coast to coast.

4-H Clubs Boost Beautification

Oregon 4-H club members are joining with 4-H'ers throughout the U. S. in efforts to preserve and protect the natural beauty of their communities, state and nation, reports Burton S. Hutton, Oregon State University state 4-H club leader.

Although home grounds beautification has been a well established 4-H club project for more than 25 years, the new emphasis is on community action under the national 4-H community beautification program, Hutton explained, in keeping with national concern about natural beautification of the country-side.

Hutton pointed out that the new program is particularly well suited for organizations of older 4-H club members, such as Empire Builders and Junior Leader associations, working both as individual clubs and in cooperation with other youth groups in their community.

"The 4-H community beautification program presents an excellent opportunity for service and for citizenship training," Hutton stresses. "Any 4-H club, or individuals within a club, may participate in this new program."

County, state and national awards for the project are being sponsored by the Sears-Roebuck Foundation. Individual club members may earn recognition for accomplishments by carrying on an active program of beautification at home and working with others in community projects.

Hutton points out that individual action is needed for beautifying private properties, while cooperative action is in order for projects to improve the appearance of the community.

The new emphasis on community beautification in the 4-H club program, he adds, is part of the national "Youth for Beauty Campaign" launched earlier by the U.S. Department of Agriculture in which 4-H club members will be joined by Scouts, Camp Fire Girls and similar organizations.

This is the 4-H pledge: "I pledge my Head to clearer thinking, my Heart to greater loyalty, my Hands to larger service, and my Health to better living for my club, my community and my country."

"Learning for living" is the theme of the 1965 National 4-H Club Week. For more than 50 years 4-H Clubs have guided young people in their personal development.

CERTAINLY ONE of the most interesting events at the county fair is the 4-H pig scramble, and the 1965 scramble, held for the first time inside the new arena which is now equipped with bleacher seats, brought a record crowd of spectators. Here Dean Graves helps a youngster let go of a pig she has caught while another girl (left) is in pursuit of another pig at the left.

Students Name Class Officers

Class officers for this semester at Heppner High school were elected at class meetings during the past week.

Chosen to serve as president of the senior class is Mark Brown. Other officers are Theresa Munkers, vice president; Ken Morgan, secretary; Jean Healy, treasurer; Tim Driscoll, sergeant-at-arms, and Gene Heliker, class representative.

New officers of the junior class are Tim Smith, president; Erin Dick, vice-president; Jill Schmidt, secretary; Kay Daggett, treasurer, and Kathy Melby, sergeant-at-arms.

Directing the sophomore class will be Steve Pettyjohn, president; John Rawlins, vice-president; Sheila Luciani, secretary; Martha Lovgren, treasurer; Alvin Vinson, sergeant-at-arms, and Merilee Jacobs and Earl Ayers, student council representatives.

This semester's officers of the freshman class are Jerry Healy, president; Theresa Harshman, vice-president; Sara Miller, secretary; Terry Peck, treasurer, and Larry Pettyjohn and Sue Greenup, class representatives.

Grange to Hear Pakistan Talk On October 22

By DELPHA JONES

LEXINGTON—Home Ec Club of the Lexington Grange met September 16 at the home of Mrs. A. F. Majeske with Mrs. Florence McMillan as co-hostess. Roll call was answered with information about Hawaii, and proved very interesting as several of the ladies had been there and could tell their own experiences.

It was announced that on October 22 Glenn Simmons of Glenwood will be present at the Lexington Grange and will show slides and give a talk on a recent trip to Pakistan. This meeting is open to the public and refreshments are planned for the evening.

The next Grange meeting is October 9, with a pot-luck dinner at 6:30 p.m. A discussion on purchasing the much needed folding chairs and folding tables for the basement dining room was held and estimates are to be brought next time. A birthday party is planned for the next HEC meeting which will be at the home of Mrs. Nora Turner. Refreshments were served to Mrs. Ella Burgoyne, Mrs. Ola Ruggles, Mrs. McMillan, Mrs. Turner, Mrs. C. C. Jones, Mrs. Martha VanScholack, Mrs. Pearl Scott and the hostess.

Wayne Papineau is in the Pioneer Memorial hospital suffering from a back injury.

Mr. and Mrs. C. C. Jones and son Kenneth were Portland callers over the week-end where Kenneth enrolled as a student in the McKenzie Body and Fender school in that city. Kenneth accompanied Bill Klingler to Portland by bus from Pendleton Thursday night returning with his parents on Monday.

Bill (William Paul) Klingler went by bus to Pendleton last Thursday night and underwent his physical for the U. S. Navy and left immediately by jet for San Diego, where he will start his basic training. Mrs. Klingler, the former Jeanette Ledbetter, is staying at the home of her grandmother, Mrs. Cleo VanWinkle, for several weeks.

Mr. and Mrs. Kenneth Klingler and small son Michael have moved to Pasco where Mr. Klingler is furthering his education at Columbia Basin College.

Mrs. Joe Yocom and Mrs. Johnnie Edwards were Hermiston visitors on Thursday, taking Leora Mae VanWinkle and Linda VanWinkle to the bus there enroute to Eugene where Linda is a senior at the college, and where Leora will visit for a few days before returning home.

The Amicitia Club met at the home of Mrs. O. W. Cutsforth last Wednesday evening for their first meeting of the fall session. Prizes were won by Mrs. Wn. VanWinkle, high; Mrs. Roy Martin, second high; Mrs. Eldon Padberg, low and Mrs. Bob Lovgren, traveling. Others present for the evening were Mrs. Bob Davidson, Mrs. Gene Cole, Mrs. Roger Campbell and the hostess.

Mr. and Mrs. Wilbur Steagall were Wallowa Lake visitors several days last week.

Joan Patrick spent several days this week at the home of Mr. and Mrs. Dean Hunt.

Mr. and Mrs. Eldon Padberg and daughter, Jill spent the week-end in Portland with Mrs. Padberg's mother, Mrs. Amy Sperry.

Mr. and Mrs. Lee Padberg are living in Pasco where Lee is attending Columbia Basin college.

Mr. and Mrs. B. J. Doherty motored to La Grande on Sunday, taking their son Tony there where he is enrolled in EOC of education.

4-H is an investment in future security. Boys and girls from 9 to 19 learn to be self-sufficient through project work ranging from cooking and sewing to photography and electronics.

4-H Clubs provide opportunities for mental, physical, social and spiritual growth. Boys and girls between 9 and 19 years of age are urged to join during National 4-H Club Week, Sept. 25 through Oct. 2.

Mr. and Mrs. Charles Ruggles returned home September 12 after spending a week in Portland and Eugene, attending the state insurance convention in the latter city from Wednesday through Saturday. They went via Cornelius where Ruggles took care of some business relative to the city's new fire truck in his capacity as chief of the fire department here. One of the interesting points at the insurance convention was a half-day session on the new workmen's compensation law. En route home they stopped Saturday evening in Portland to visit Mrs. Ruggles' sister-in-law, Mrs. Ethel Searcy, and Mrs. Searcy's son-in-law and daughter, Mr. and Mrs. Orval Thogerson.

How far must you go to find a fence row like this?

Chances are you won't have to go far to find fence rows and other non-crop areas that were infested with weeds this past season. Perhaps now, right on your own farm, you have a tangle of dead weeds (and a fire hazard) like this one.

Unless, of course, you've been using Atrazine 80W—the highly efficient herbicide that can keep fence rows and other non-crop areas weed-free month after month with just one spray each year.

Compare this to other methods like mowing, discing, or repeated applications of short-term control materials and you'll find one-step weed control with Atrazine reduces costs, saves time, and gives you much better results.

Atrazine is effective against a wide range of annual and perennial broadleaf weeds and grasses.

Since seasonal rainfall will move Atrazine down into the weed root zone, where it works, application should be made now in order to get the best results in this area.

Atrazine also attacks weeds through foliage, so you can apply it shortly after weeds emerge, as well as before they break ground.

Remember. Now is the time to act if you want non-crop weed control through next season with one spray this fall. Order Atrazine from your dealer today.

CHEVY'S BUILT FOR BIGGER THINGS IN '66!

NEW CHEVROLET WORKPOWER IS HERE!

Here's low-cost Chevy-Van—economy champ of Chevrolet's long, strong covered delivery truck line.

NEW HEAVYWEIGHTS UP TO 65,000 LBS. GCW!
The all-new Series 70000 and 80000 models are here—the biggest Chevies ever built, out to do the biggest jobs any Chevrolet trucks have ever done! They're ready to cut costs with new V6 gasoline engines, new V6 and V8 diesels. They offer, also, a new 92" cab that's the best yet for working efficiency, new higher capacity frames and axles and a high 65,000-lb. GCW rating.

NEW LIGHT-DUTY WORKPOWER!
The most widely used of all truck engines—the famous Chevy light-duty Six is built for bigger things in '66 with a big new 250-cubic-inch design. It's the standard power plant in most light-duty models. Also, users of 1/2-ton models can now specify a big 327-cubic-inch V8—the most powerful engine ever offered in a 1/2-ton Chevy truck. See the new Chevies now, at your Chevrolet dealer's.

Telephone your Chevrolet dealer about any type of truck.
