Who says a '66 Ford rides quieter than Jean Bauchet's \$12,000 Facel Vega?

Jean Bauchet!

Monsieur Jean Bauchet is an art collector and a connoisseur of fine automobiles. He understands that quiet in a car means quality. After driving a '66 Ford XL, he said, "They could not have to make Paris streets so smooth if all cars rode like this."

Ford's Quiet Men, who recently toured Europe demonstrating the exceptional quality of the '66 Ford to owners of some of the world's most expensive cars, have discussed a '66 Ford XL with Monsieur Bauchet outside of Monsieur Bauchet's Paris home.

'Such smoothness, such silence,' says Jean Bauchet. "Your Ford is quieter, M'sieu."

Ford's quiet quality is the result of advanced engineering features like a revolutionary new frame that "tunes out" road vibrations... the strongest body ever on a Ford. But the quiet ride is just one of many reasons why you're ahead in a Ford all the way.

Only Ford in its class offers a Stereo-Sonic Tape Player option that brings you over an hour of uninterrupted music of your choice, on each self-threading, snap-in tape cartridge. Magic Doorgate that opens out (standard equipment) that opens out like a door and down like a tailgate, depending on whether you are loading kids or cargo. Silent-Flo Ventilation (on 4-door hardtops) that brings in fresh air and gets rid of smoke and stale air with the windows closed. Even Ford's keys are special—they're double-edged so they fit in locks either side up. Visit your Ford Dealer and test-drive a '66 from Ford. See how many ways Ford can put you ahead in '66.

You're ahead in a FORD all the way!
