Mann Urges PUC To Review Order

Rep. Irvin Mann, Jr., Stanfield, in a letter to Jonel Hill, commis-sioner of public utilities, urges that the matter of minimum weight of truckloads of livestock and minimum freight rates be "re-opened, studied in depth and re-evaluated."

The letter is a result of an order issued by Hill in mid-March raising from 28,000 to 40. 000 the minimum weight at which minimum freight rates would apply, but leaving the rate structure virtually un changed.

changed. "This order has some very ser-ious implications to the five-stock industry and the livestock marketing structure." Mann-said, contending tht the original petitioners' intent was that re-duced minimum rates should apply to the higher minimum weight established by the order. Mann's letter further urges that the minimum rate be ap-plied to loads of the necessary

plied to loads of the necessary weight even though the loads

may have more than one owner. "If this is not done the higher load weight requirements will

place the smaller, more numer-ous buyers at a serious compet-

itive disadvantage." he said
