Women's Challenges Topic of Discussion By Methodist WSCS

"Where The Women Are" was the topic of the program presented by Mrs. Orin Wright at the regular meeting of the Women's Society of Christian Service of the Methodist church Wednesday evening, June 1, in the church social rooms.

Mrs. Wright pointed out that women constitute half the human race and should take advantage of opportunities to serve in official positions in community and church, using the Bible as the chart for meeting challenges of the changing world.

"We are citizens not only of the small world in which we live, but also of the larger world beyond local boundaries," she pointed out. The challenge is to live and love as Christians in daily life, and the way we respond to every situation in every relationship shows the depth of our commitment, the speaker noted.

Mrs. Bob Henry presided during the business meeting. A report was heard from Mrs. Mattie Green on the National Assembly held recently in Portland. One question posed by a panel was "Who is the more important to educate, men or women?"

Mrs. Henry and Mrs. Doug Drake reported on the standing committee training meeting held in Hermiston on May 25.

Events coming up were announced as follows: Susanna Wesley Circle picnic, June 22; all-church picnic in July, and office orientation meeting planned for August.

Mrs. Elsie Leather and Mrs. Mattie Green served refreshments.

In appreciation to Mrs. Naomi C. Leishman, first grade teacher in the Heppner Elementary school, for her devoted work with the beginning students the past year, mothers of her students honored her with a "thank you" party in her room the last day of school, Friday afternoon.

As a gift appreciation, the mothers presented her with a fitted traveling case. Refreshments included an elaborately decorated cake, furnished by Mrs. Ron Hagewood.

Mrs. Leishman has accepted a position with the Reedsport school system for the coming year.
