

MERCHANT OF THE MONTH

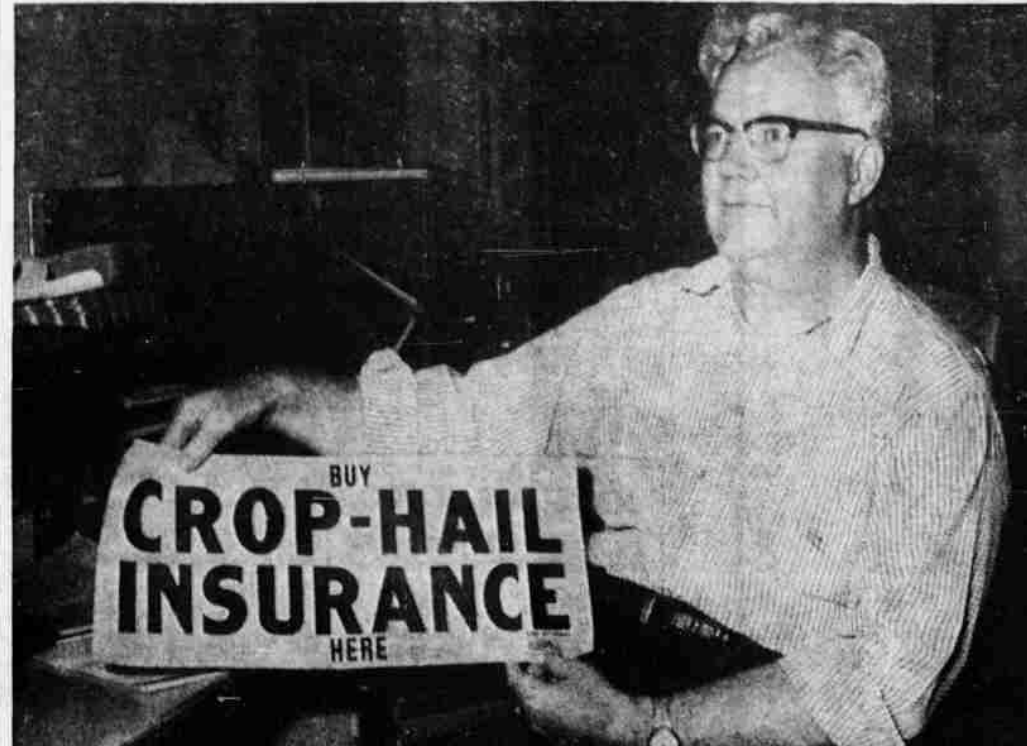

This Month Featuring Turner, VanMarter & Bryant, Insurance

TURNER, VAN MARTER & BRYANT Insurance Agency is one of the oldest businesses under the same ownership in Morrow county. Frank Turner (pictured here) bought the business from C. A. Minor on August 1, 1927, and has been active in the firm for 39 years. He built the present building in 1941, moving the office from across the street. Turner ranks as one of Heppner's outstanding "old timers" and is often sought out to answer questions on local history.

HOWARD BRYANT became a partner in the insurance firm of Turner, Van Marter and Bryant in 1953 after working for years in the First National Bank in Heppner. The busy office is located at 183 South Main Street and is a popular meeting place for county residents. All three partners are native sons and are thoroughly familiar with all parts of the county and its people.

LAVERNE VAN MARTER, Jr., who became a partner in 1944, displays a sign calling attention to crop and hail insurance. Many such policies are written at this time of the year. The agency offers complete coverage for all types of protection and writes policies for many different companies. Van Marter points out that at this time of year there is need for protection on vacation trips, trailer houses, campers, water skiing, boating, and other summer activities. All three men in the firm are very active in community activities and the company is a leading business in promoting Heppner and Morrow county.
