

WANT ADS

2 for 1

While They Last!

Yep! It's Crazy Days again, and this year the Gazette-Times is getting into the swing of things with this special on Want Ads.

Many of our readers turn to the Want Ads first thing each week. They find out many interesting things about what's going on in the world around them by just one quick run through one of these little informers . . . Why don't you come by the Gazette-Times office this week-end and place your order for one of those little wonder workers. The cost is very nominal when you stop to realize that you can make

more contacts through one small ad than possibly through any other media in this county.

Here's the way it works: You buy one little want ad at the regular rate, and we run it for two consecutive weeks for the price that you would normally pay for one week. The normal rate is 4c per word, per insertion, with a 75c minimum charge. In reality what we are doing is giving a 50% discount just for trying our little wonder workers! (Don't forget, this week-end only—cash in advance).
