New Record Set In Forest Lands

A record quarterly income of \$1,160,492 from forest lands administered by the State Forestry Department has recently been turned over to the State Land Board for Oregon schools. This amount was almost double that of the same period last year, according to Assistant State Forester Vance Morrison.

He attributes this increase almost wholly to higher prices paid for the timber, since the volume sold was about the same.

The common school fund has now received some \$8,315,594 from this source since 1948, with over one-half of this accumulated during the last three years. Management of this resource has intensified starting in 1955. At this time demand for timber extended into prime school lands of the Elliot State Forest and authority was established by the legislature for reimbursement of management expenses.

Distribution of this money by the State Land Board is made to all county treasurers according to the number of children in the county between the ages of four and twenty years. During the last fiscal year the various school districts received a total of \$2,317,216 or about \$3.89 per census child. In fiscal year 1965 it was \$1,975,000 and \$1,446,774 in 1964. This income also includes earnings from the irreducible school fund in which timber sale revenues were deposited prior to 1964, when changed by the legislature.

Prizes Awarded Wrangler Playday Winners at Feed

A good crowd was on hand Wednesday evening, October 26, to enjoy the Wrangler Buckburger feed, an annual dinner held to award the prizes for the high point winners of the four consecutive spring playdays at the Wrangler's play grounds. About 80 people enjoyed the usual good supply of buckburgers and other delicious potluck dishes brought by members and their families.

An autumn theme was carried out in decorations by centering

the tables with bright flowers in fall colors and trailing ivy. On the committee were Mrs. Howard Bryant and Mrs. Ralph Beamer.

The staff of men cooks was headed by Fred Mankin, chief chef, assisted by Archie Munkers, Ernie Winchester, Jerry Dougherty and Bill Healy.
