point, and halftime found the score 14-14.

Burnt River went ahead in the fourth, after a scoreless third quarter, when Coombs broke loose on a 50-yard run. This time the point try failed, but the score was 20-16 for the visitors.

Riverside went on the march again, and it was capped with a 6-yard run to paydirt by Baird to knot the score at 20-20. The point try failed, and the Pirates grabbed the marbles on their statistical edge.

Totals show that Coach Dalton's boys had a sizable margin in yardage gained. They made 206 yards on rushing to 152 for Burnt River, and passed for 128 yards as against 96 for the visitors. Thus, Riverside made a total of 334 yards as compared with 248 for Burnt River.

At St. Paul, the Falcons of Wheeler County were in trouble at the start when Benson was tackled in the end zone to give St. Paul an opening two points. However, the star half-back redeemed himself at the start of the second quarter when he rambled 44 yards to score, giving his team a temporary lead at 6-2. The try for extra point on a run failed.

St. Paul went back in front in the second quarter when Jones caught a pass from Koch and went into the end zone from 16 yards out. The extra point try failed, and the score was 8-6 for St. Paul.

But the Fossil team came right back with a touchdown by Bowman on a pass from Kandle, good for 11 yards, and Allen took a pass from Kandle for the extra point, giving the Falcons a 13-8 lead. They were never topped again in the contest.

The winners piled up points in the third quarter when Allen scored on a 38 yard pass play from Kandle and when Kandle scored on a 19-yard pass play from Benson. Benson ran the extra point after the second touchdown, but the conversion try on the first score failed. This made it 26-8 for Fossil and concluded their scoring.

St. Paul roared back in the fourth quarter on two pass plays, both going to Smith from Koch.
