Adds Hours For Holidays

Additional hours of window service for the Heppner post office and the Lexington and Hardman rural stations on two Saturdays, December 10 and 17, are announced by James H.

Driscoll, postmaster,
Windows will be open from
8:30 a.m. until 2 p.m. Saturday,
December 10. On Saturday, December 17, service will be extended from 8:30 a.m. until 5

p.m. Mail will be received for dis-tribution to lock boxes on two Sundays, December 11 and 18,

at Heppner, and patrons with box service are urged to pick up mail on those dates.

There will be no star route box delivery or general deliv-ery of mail on Sundays, Dris-coll said. coll said.

At Heppner, on Mondays through Fridays beginning December 12 and ending December 23, the parcel post and stamp sale window will remain open until 6 p.m. The money order service window will not have extended hours of service on these week days. on these week days.

Patrons are urged to pack all parcels carefully in strong containers, to address carefully, using "Zip Code" of destination, and to mail as early as possible in December 1 le in December.
It is suggested that a slip of

paper with address of the ad-dressee and list of contents be placed inside each parcel, just in case the outside label should become damaged in transit, and it is necessary to examine or

re-pack contents.
Four cents will carry an unsealed Christmas card to its point of delivery anywhere in the United States, but five cents will carry it first class, Driscoll

points out.

The first class rate expedites delivery. Priority is given in all distribution processes to items bearing this rate of postage.
"We recommend that valuable articles be insured and per ishable articles be sent 'special delivery'," Driscoll said.

Prizes Offered For Decorations

Prizes totaling \$60 are offer ed in the annual Christmas decoration contest sponsored by the Chamber of Commerce with the prize money coming from a donor who prefers to remain anonymous

The prizes will be distributed among winners in two categor-ies, yard lighting and decora-tions, and window lighting and decorations.

The breakdown is as follows Yard—First \$15; second \$12.50; third, \$10 Window—First, \$10;

Two major improvements are underway at the Gazette-Times and will be completed

The new office, to be looccupied by Attorney Jos. Nys, will be in use within a week or two. Work of remodeling the office was completed in late summer and early fall, but delay in making the move has been occasioned because of failure of desks to arrive. They arrived Monday, and the move will be made to the new space as soon as time can be found to make the switch.

Second improvement that will provide better coverage and allow for better use of pictures in the paper is the purchase of a Fairchild en-graver. This makes engravings of pictures used in print-ing. Formerly the paper has depended upon The Photo Graphic, Forest Grove, for Graphic, Forest Grove, for these plastic engravings, but this work, through the pur-chase of the new equipment, will now be done in the Ga-zette-Times plant. Pictures were mailed to Forest Grove each week, taking a minimum of three days time.

Wes Sherman, publisher, was notified that the new equipment was shipped from New York Monday and it will be placed in service shortly after arrival. Purchase of the Fairchild

"You were one of the first to get started with us back in 1951, when you were at Dal-las," he writes, "and you las," he writes, "and you have followed us around for a long time. I couldn't help but reflect the many, many years of fine association which we have had."

Prior to the coming of the plastic "cut" through the Fairchild and similar marairchind and similar ma-chines, weekly newspapers were greatly restricted on use of pictures. The plastic en-gravings made it possible to obtain quality pictures in print at lower cost and sigprint at lower cost and sig-nalled a new era for the pa-pers. Now many weeklies have switched to offset re-production, and no such en-gravings are required for them. However, many others, like the Gazette-Times, re-main letterpress papers and are still relying on the plastic engraving.

The association with The Photo Graphic (formerly Grove Studio), which might be termed a pioneer in the commercial plastic engraving business, has indeed been a pleasant one, and their service has been outstanding.
Without their steady and faithful work, subscriber s would not have enjoyed the thousands of pictures which have been published in the last 20 years in the Gazette-
