

Zoning Ordinance Baffles Council On Permit Action

(Continued from page 1)

authorizing the establishment of a sinking fund with the \$8000 transferred to the city from the school district to underwrite the matching share of cost of improving Morgan street, Elaine George, city recorder, said that the sum has been placed in time certificates with interest at 4.34%.

Contract Considered

Sanitary service contract with Herman Green which expires this month, was discussed at the meeting. Several suggestions were made by councilman to improve conditions at the dump and in hauling to it. One was that it should be written into the contract that the collection truck's load should be kept covered. Another was that Green be asked to accept responsibility for the dump and hire the man who is employed there part time, with the city reimbursing Green for the cost. A third was that the area above the burners be graded and rocked so that the collection truck would have easier access.

Matter of the contract was left to the city's sanitation committee, which will meet with City Attorney Abrams and Green to consider changes and draw up a new contract.

A letter from the district sanitation of the State of Oregon was read, pointing out that the state sanitary authority had recommended a new city dump in 1964 and stating that the present Heppner dump complies with only 23 per cent of the state's good health practices. The sanitarian said that he had read that the city was considering installing a new burner, and this led to the letter again urging moving to a new site.

Other problems in connection with the dump were discussed. It was pointed out that farmers are hauling to the dump at various times throughout the week, that barbed wire and chicken wire they are leaving is creating a problem. This, coupled with old enameled appliances and old car bodies, is cluttering the facility.

Mayor W. C. Rosewall said it might be possible to interest the county in going in with the city on creating a new dump, since many rural residents use the Heppner dump. He said he would approach the county court on the matter.

The mayor said that he and Green plan to attend a meeting on landfill operations for garbage disposal in Baker Friday.

Dogs Again
The council ran the gamut of the perennial problems that face city dads at this meeting, so dogs had to be included.

They considered further the complaint of Mrs. Mary Ulrich that her neighbor's dogs are a nuisance to her, and a letter regarding the matter from Dr. Wallace Wolff, health officer, was placed on file.

Attorney Abrams expressed the feeling once more that this is a matter between private parties and said that if the city intervenes, it would open a broad avenue for involving the city in private disputes. He said that he would seek to prosecute if the council so ordered but pointed out that he had advised Mrs. Ulrich that she should hire a private attorney to seek relief.

After some discussion, the matter was left to Councilman Joe Balte who said that he would confer with Mrs. Ulrich about it.

Tickets to be Issued
Increasing the contract to Marion Green for repairing city parking meters from \$25 to \$50 per month was authorized, and it was agreed that the police department would start enforcing parking restrictions again as of April 10. The city recorder was requested to insert a notice in the paper to that effect.

Date for the council's preliminary work on the city budget for 1967-68 was set for April 18.

City Supt. Vic Groshens announced that he hopes to finish the water main to the high school this week, after which there will be two or three days of cleanup work and replanting the ground that was broken in digging the ditch.

Mrs. George announced that she had applied for operation of the swim pool again this summer to the state even though the Board of Health had announced that a bond issue for improvement or a new pool must be approved before permission will be given to continue.

Parking permits for delivery vehicles of Turn-A-Lum Lumber Co., M & E Company and Heppner Cleaners were approved. Liquor permit for Cal's Tavern was also approved.

League of Oregon Cities meeting was announced for Saturday, to be held in Pendleton.

Golf 'Kickoff' Sunday
Willow Creek Country Club will officially open the season with "kick-off" events Sunday, April 9. Men will gather at the clubhouse for a stag breakfast from 7:00 to 9:00 a.m., with organized golf following. At 2:30 p.m. a two-ball foursome is planned for members and prospective members. Jim Wishart, activities chairman, urges members to turn out to establish handicaps for future play.

Steer Takes Reserve Honors at Tucson

A polled Hereford steer, owned and raised by Steve Wagenblast, was awarded supreme reserve grand champion honors at the Southern Arizona International Show in Tucson, Ariz., March 22-26. Steve was unable to make the trip, and his father, Alvin Wagenblast, entered the animal in competition with over 130 prize steers from over the nation. He was joined there by another son, John, who made the plane trip from Oregon State University. Grand champion steer of the show was owned by the Burns Cattle Co. of Colorado.

At the State FFA convention held last month in Eugene, Steve was recipient of the State Farmer Degree for accomplishments through the Heppner Chapter, as well as receiving a Union Pacific scholarship certificate.

Two Cooperatives Vote for Merger; To Start June 1

Members of both the Morrow County Grain Growers, Inc., and Lexington Oil Cooperative, Inc., voted by a substantial majority last Wednesday to merge the operations. It was announced by Harlan McCurdy, manager of the Grain Growers, and Joel Engelman, manager of the oil cooperative.

Before the combined operation can be finalized, it must be approved by the state corporation commissioner, but it is expected that the two firms will merge by June 1. Fiscal year of Morrow County Grain Growers ends May 31.

Some 60 persons in each organization attended the meetings last Wednesday with the oil cooperative holding its session first and voting for the merger. Since most of those present were members in each, many of those voting in the ensuing MCGG meeting were the same as those who voted in the oil cooperative meeting.

When the merger is completed, the concern will be operated as Morrow County Grain Growers, Inc., with McCurdy heading the management, Riley Munkers, now assistant manager of MCGG, will become manager of the grain division and Engelman will continue as manager of the petroleum division.

Currently the Grain Growers employs 11 persons and the oil cooperative employs four. McCurdy said that the merger was looked upon with favor because the membership, in general, embraces the same persons; because it will place the total operation in a stronger position; and because it will give the combined cooperative a better chance for expansion.

The combined cooperative will continue to be served by Pacific Supply Cooperative and North Pacific Grain Growers.

Drive Underway To Aid Cancer Society for 1967

Volunteers are moving throughout Heppner and Morrow county this week and next week in the annual April crusade for the American Cancer Society.

Theme for the 1967 crusade is "The Big Stick-Up," as door-to-door volunteers pass out stickers imprinted with cancer's warning signals. Persons will be urged to place the stickers in prominent places for easy viewing by all members of the family. Donations to the crusade will be used to carry on a continuous program of research, education and service in combatting cancer.

Those who are organizing the county campaign are Mrs. Herman Winter, chairman; Mrs. Charles Carr, vice chairman; Mrs. William Gentry, secretary; Jim Wishart, treasurer; and Mrs. Riley Munkers, publicity. A staff of volunteer co-captains and workers will work in town and residential areas of Lone, Boardman, Lexington and Heppner.

Any resident who is missed in the door-to-door campaign is invited to mail a donation to the county treasurer. Gift donations in the form of memorials to individuals are also appreciated throughout the year by the society.

of clues hidden in any ad of any sponsoring merchant.

"We warn you in advance that we are going to do our best to outwit you!" says Rod (Spike) Pardee, Gazette-Times advertising manager.

"You will be trying to guess the identity of the local personality of the week and trying to compile a perfect list of clues. We may make the first part of this easy in next week's paper—but beyond that, you're on your own!"

Prizes? "We think you'll like this." You drop your entry off at the place indicated each week. There will be more than one place indicated each week, and you can enter at more than one if you wish (that increases your chances, too).

You don't have to hurry down to try to be first because a drawing will be held to determine the winner (you don't have to be present to win). The first entry drawn that correctly identifies "Who's Who" may win as much as \$30 if that entry has a perfect list of clues. Even if that entry doesn't have a perfect list, it will win \$5.

All you have to do is enter. Maybe Lady Luck will smile on you when you play "Who's Who in Morrow County" starting next week in The Gazette-Times.

tainly it is a goal worth striving for" Governor Tom McCall has asserted in a recent statement urging support of the April crusade. "Today, there are some 1,400,000 living witnesses to the fact that cancer can be cured if discovered and treated in its early stages. By knowing the Seven Warning Signals and seeking medical attention promptly, we are aiding those in the medical profession who are striving valiantly to conquer this frightful scourge. We are coming closer and closer to a solution of the problem and certainly is a goal worth striving for."

"Fuel for Thought" --from L. E. DICK

Here's a new diesel fuel that can triple fuel filter life.

It's new Chevron Diesel Fuel with an exclusive detergent/dispersant additive. New Chevron Diesel Fuel solves the problem of premature filter plugging. It disperses fuel-borne particles and keeps them so small they cannot plug the finest commercial filters or settle out to cause injector fouling. The particles are kept so fine, they cannot harm your engine. Result: The life of your fuel filter can triple, or more. For your supply of new Chevron Diesel Fuel, give us a call now. You'll start saving money immediately.
