

Sales, Entertainment Due At 4th Sidewalk Event

Plane Crash Takes Lives Of Sherer Sons-in-Law

Double tragedy struck the Harold Sherer family of Lone Saturday when both of their sons-in-law, Wayne Pierce, 35, of Redmond, and Kelly Rowe Andrew, 22, of Corvallis, were killed in the crash of a single engine private plane near Redmond early Saturday morning, July 1.

Pierce's wife is the former Kay Sherer and Andrew's wife is the former Judy Sherer, both daughters of Mr. and Mrs. Harold (Doc) Sherer.

The accident occurred when the plane struck a power line crossing a canyon and plunged 100 feet into some boulders along the Deschutes Canyon. It then burst into flames. The accident occurred about four miles southwest of Redmond near Cline Falls State Park.

Pierce, who had been a pilot for a number of years, rented the plane Saturday morning, and with Andrew, took a passenger to the Bend airport. They were on the return trip to Redmond when the accident occurred.

Ironically, the Harold Sherers were enroute by auto to Redmond when the accident occurred. They were to join the other members of the family there for a holiday gathering.

Pierce was a teacher and coach at the Lone Elementary school in 1955-56. He then taught and coached at Sisters before going into business in Redmond, where he owned the Redmond Radio and Music Center. His wife, Kay, is the oldest daughter of Mr. and Mrs. Sherer.

Andrew was married just a year ago in the Lone United Church of Christ to the former Judy Sherer. They were both students at Eastern Oregon College in La Grande where Kelly received his bachelor degree in June. They had moved to Corvallis where he had received a scholarship to attend Oregon State University and take post graduate work. Judy was employed by the University. She was Morrow county Fair and Rodeo Queen in 1965.

Andrew had been an end on the Eastern Oregon College football team for two years. His post graduate study at Oregon State was to be in the field of research on the effect of insects on forests and rangelands. The young man had been employed in the summer time by Morrow county in 1965 and 1966.

Bank Promotes Lamb To Field Position

Wayne Lamb started work last week in his new position as utility man in the field for operations officers and junior installment credit loan officers for First National Bank of Oregon, John Venard, manager of the Heppner branch, said.

In this capacity, Lamb will cover much of eastern Oregon to relieve officers on vacation in the various branches. He worked last week in Condon and will continue there this week. Next week he expects to be in Enterprise.

Lamb has been with the Heppner branch since 1958 and served as operations officer.

When Lamb received the promotion, Pat Wosner of Baker came to the Heppner branch as operations officer. He and his wife are living in the Scott home where Mr. and Mrs. Jack Locke and family formerly lived.

Pierce had flown to Morrow county on a number of occasions, sometimes coming here to sell or service television sets. The Pierces have one daughter, Robin, and Mrs. Pierce is expecting another child.

Andrew's former home was in Pendleton where he lived for a number of years. He graduated from Pendleton High school and was a member of the school's basketball team. His mother, Mrs. Helen German, now lives in Portland.

Funeral services were at Redmond Monday afternoon at 4 o'clock for both men with many relatives and friends from Morrow county attending. Grave-side services for Andrew were Wednesday, July 5, at the Olney cemetery with the Rev. James Egley officiating. Folsom's Funeral Chapel was in charge of arrangements.

Chuck Toll Found Dead in River

Chuck Toll, 29, of Spray, brother of Leonard Toll of Heppner, was found dead in his car in the John Day River Wednesday morning, according to a report from Don Griffith of Spray, who notified members of the family here. The auto had apparently left the highway in an accident and plunged into the river.

Leonard Toll said just before noon Wednesday that he had only the meager first report on the accident and was leaving immediately for Spray. He theorized that the accident happened on Monday, and the car wasn't discovered in the river until Wednesday. The deceased man had been in service before returning home about two years ago to work for Griffith on a ranch at Spray. He was unmarried. His mother, Mrs. Bill Richards, lives in Spray.

Gilbert Toll, father of Leonard and Chuck, died in a similar accident about 2 1/2 years ago when his pickup truck plunged into the Detroit reservoir from the North Santiam highway.

Paper Announces Subscription Sale

A special 2 for 1 plus 1c subscription sale is announced by the Gazette-Times as an extra-special buy for the Sidewalk Bazaar.

Under the terms of the sale, a person may take out a new one-year subscription at the regular price of \$4.50 per year, anywhere in the United States, and he may obtain a second one year new subscription for a friend or relative for just one cent more. Thus the two new one-year subscriptions cost only \$4.51.

This special offer applies only to new subscriptions and not renewals. However, there is an additional special offer available to those who wish to renew their subscriptions now or who have renewed their papers at home June 1.

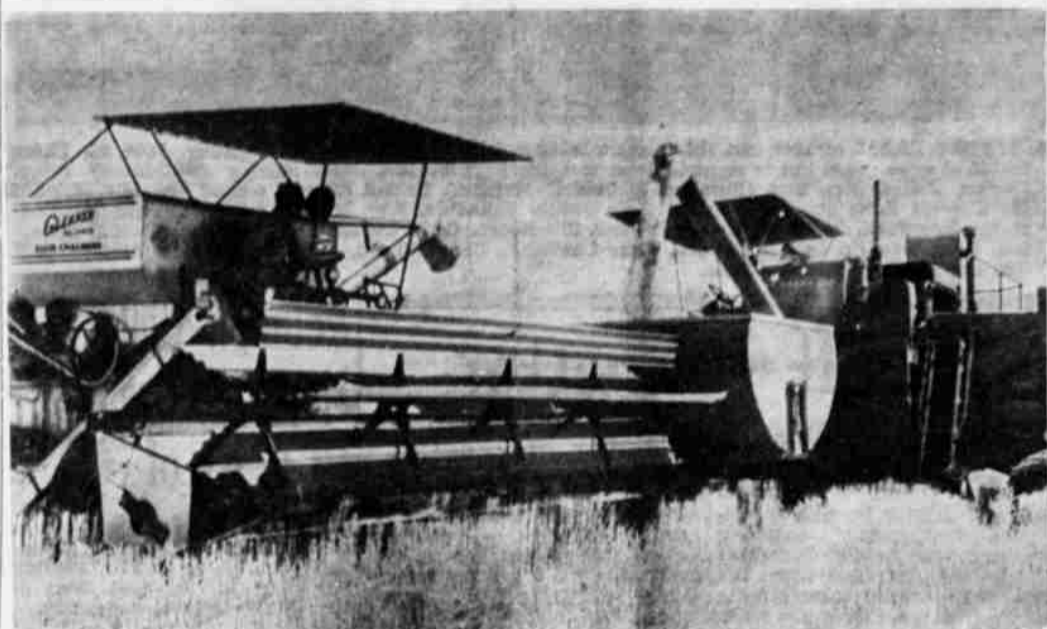

Details are explained in an advertisement on page 8.

BARLEY WAS pouring into a truck from combines at the Lindsay ranch in the northern part of the county late last week as harvest there got into full swing. Prediction is for better than usual yield in the county harvest and quality of barley and wheat both appear good. (G-T Photo).

Temperature Hits 100; First Time in Two Years

A number of other places in the state had it hotter, but the temperature hit 100 degrees in Heppner for the first time in two years Monday, July 3, Don Gilliam, official weather observer, reports. Sunday was only two degrees cooler at 98.

Six of the seven days of the week were well into the 90's with only Friday, June 30, dropping to an 87-degree maximum. Nights also stayed warm with the week's minimum showing as 50 degrees. Monday night's minimum was 63 degrees.

While the weather was warm here, it was far away from a record. Gilliam said that he thinks the high in Heppner is 108 degrees. In 1961, temperature reached 107 on one day and was over 100 on several days through the summer.

Temperature remained high on the Fourth of July holiday at 93, but this was some relief from the 100 of the previous day. Many families were on outings and found cooler spots to enjoy the balmy weather.

Fire in Grass

Cause for a general fire alarm late Monday afternoon was a grass fire near the old junior high playground across Willow Creek from the library-museum. The fire did little damage, scorching a few trees and poles, before it was extinguished by firemen and volunteers. Origin was undetermined.

Advance Programs For Fair, Rodeo Out

Advance programs for the 1967 Morrow county Fair and Rodeo have been printed and are now ready for distribution.

Complete report for the week is as follows:

	Max.	Min.	Prec.
Wednesday	93	53	—
Thursday	90	54	—
Friday	87	50	—
Saturday	92	50	—
Sunday	98	57	—
Monday	100	63	—
Tuesday	93	55	—

Monday Lightning Sets Four Fires

A "quickie" lightning storm that passed through about 5:30 a.m. Monday set four fires on the Heppner ranger district, W. S. (Sam) Miller, ranger in charge of the district, said.

The fires were located near Ant Hill in the Baloney Basin area and crews were dispatched at once to control the fires. This was the season's first rush of fire activity, although there were three previous fires on the district at various times, all from lightning, Miller said. The district is ready for the dry season with guard school completed for the Ukiah, Dale and Heppner districts at Tupper Work Center last week.

Some 50 men were present at the school, and this year, four state policemen also attended through the session to get added training in fire suppression. Tamarack lookout is already manned by Louis Larson, who also served as a lookout in the district last year, on the job there. Madison and Wheeler lookouts were to be manned later in the week Miller said.

Roy Stamp Dies In Walla Walla

Albert (Roy) Stamp, 75, a native of Heppner who lived here all of his life, died in the Veteran's Hospital, Walla Walla, Wash., on Sunday, July 2.

He had been a rancher here for years, bought and sold horses, and broke horses. In his younger days he also worked at rodeos.

Stamp was born October 13, 1891, in Heppner. He never married. He was a veteran of World War I.

Funeral services will be Thursday, July 6, in the Heppner Methodist church at 10 a.m. with the Rev. Jack Naff of Hermiston officiating. Interment will be in Heppner Masonic cemetery. Burns Mortuary of Hermiston is in charge of arrangements.

Surviving are two sisters, Mrs. Luella Acock and Mrs. Grace Schoun, both of Irrigon.

100 of Royal Arch Due for Meet Here

Between 100 and 125 dignitaries of the Grand York Bodies of Oregon, Washington and Idaho will be here Saturday for the annual convocation and mountain meeting of Heppner Chapter, Royal Arch Masons, at Cutsforth Park, it is announced.

Chapter will be opened at 3 p.m., and the Royal Arch degree will be conferred for new candidates during the evening session. Members of the Royal Arch invite all companions to attend.

Harvest in County Gains Momentum; Quality is Good

There was no holiday on the grain harvest this week, as barley and wheat started moving towards elevators in a steadily increasing stream of trucks. Both Lexington and North Lexington elevators of Morrow County Grain Growers were in full operation, and it was expected that lone and Heppner elevators would be well underway by the end of the week.

Harlan McCurdy, Jr., general manager of Morrow County Grain Growers, said that 300 tons of barley and 3000 tons of wheat were received Saturday at the North Lexington and Lexington elevators. Tempo was increasing Monday, and it was expected to pick up more Tuesday and Wednesday. The elevators received grain on the holiday.

Stan Kemp was credited with bringing in the first load of barley on Friday, June 30. Lindsay Ranches started the following Monday, as did Roy Martin.

First wheat being received came from Irvin Rauch, Lindsay Ranches, Jack Barak and D. O. Nelson.

Other early barley harvesters included Ken Turner, Bill Doherty, Jerry Dougherty and Doug Drake, all hauling to North Lexington, and Gene Majeske, Roger Campbell and Al Fettsch, hauling to Lexington.

Barley has been running about three-fourths ton to the acre, but yield on wheat is yet to be determined, McCurdy said Monday.

Gene Winters, Morrow County extension agent, said that evidence of sub-normal May and June precipitation is showing in some of the lighter barley being delivered. This is particularly true in spring varieties seeded in the fall, he said.

True winter barleys are testing heavy, he added, and barley yield is reported to be about average to slightly above in the earlier maturing districts.

"Wheat appears quite variable," Winters said. "Some heavily rusted fields recovered with fair yields of good quality grain in offering."

Winters said that hard red winter wheat is ripe. Soft white at lower elevations is maturing rapidly. Many large heads with low kernel counts have been noted.

In his weekly crop-weather summary, Winters said that considerable grass hay is down or baled in the field. Second cutting of alfalfa is underway with good curing weather smiling on the growers.

\$15 Taken in Entry At Building Supply

Whoever entered Pettyjohn's Farm and Building Supply Friday night was a considerable person. He found a money bag, took a \$10 bill and a \$5 roll of dimes and left some \$80 in the sack.

Mr. and Mrs. Howard Pettyjohn had intended to take the sack home when they closed Friday, but forgot it, and left it lying on the counter. When they opened Saturday, they found the bag unzipped.

In checking, they noticed that entry had been gained by prying open a double door after removing some screws. Nothing was discovered missing except the money. Police are investigating.

Bazaar to Feature Royalty, 'Rangers'

Business and entertainment in Heppner will take to the sidewalks Friday and Saturday for the Fourth Annual Sidewalk Bazaar.

There will be hundreds of bargains, lots of entertainment, and a barrel of fun for all, according to Bill Hust, chairman of the merchants committee of the Heppner-Morrow County Chamber of Commerce.

Most all stores in the downtown area will have sales on the sidewalks. There will be grab bags, fish ponds, half price merchandise, some near giveaway deals, and all kinds of merchandising ideas.

Drum and Bugle Corps of Pendleton, composed of a group of juniors known as the Rangers, will be here Saturday from 11 to 12 to present a program on roped-off Willow street between Main and Chase.

Queen Darlene Due For Visit Saturday

Shrine Queen Darlene Kuehn of Milton-Freewater will be an honored guest of Heppner's Sidewalk Bazaar Saturday morning, July 8, Larry Cook, prominent local Shriner, announces.

She will be surrounded by a group of dignitaries, including members of her Shrine escort, Rainbow Girls and others.

Queen Verina French and princesses of the Morrow County Fair and Rodeo will be present for the occasion, and the Pendleton Rangers—Drum and Bugle Corps—will play.

Luncheon for the Morrow county court and for Queen Darlene will be in the banquet room of the Wagon Wheel Cafe with the Shriners at hosts, Cook states. All Shriners are urged to be present to welcome Queen Darlene, and each is expected to wear his fez.

Kickoff Dance To Open Season For Fair, Rodeo

It's time to start thinking about the Morrow county Fair and Rodeo for 1967.

Kickoff dance of the season will be Saturday night at the Morrow county fair pavilion, starting at 9:30 p.m., and at that time Queen Verina French and Princess Berniece Matthews, Linda Tatone, Maureen Doherty and Rubianne Fullerton will be present in their new rodeo outfits.

Music will be furnished by a top flight combo from Portland, The Good Vibrations, in their first appearance here. Admission is \$1.50 per person, and the refreshments will be served.

This is the first in a series of dances that will continue through the season. The next will be July 15 at which time Princess Berniece will be honored and music will be furnished by Heppner's popular Henchmen. Third dance will be July 22, honoring Princess Maureen of Lexington, and The Henchmen will play for this dance.

On July 29, the dance will honor Princess Rubianne of Heppner, and music is yet to be announced. Princess Linda of Boardman will be complimented at the dance on August 5, and Queen Verina will be honored at the dance on August 12. Music is yet to be announced for these dances also.

There will be two rodeo dances again this year. One will be on Friday night, August 25, with music by The Henchmen, and the other will be Saturday night, August 26, when the dance will go western style.

Director Archie Munkers is in charge of the dances and has arranged the schedule.

McAlmond Slated For Chamber Meet

Phil McAlmond, Democratic candidate for U. S. senator, is scheduled to be at the Monday meeting of the Heppner-Morrow county Chamber of Commerce to show a film on Vietnam, Herman Winter, president, announces.

McAlmond, a Portland business man, went to Vietnam sometime ago to familiarize himself with the situation there and made a motion picture of his travels. He announced some time ago that he would seek the Democratic nomination for U. S. Senator, opposing Sen. Wayne Morse, in the primary election next year.

During the same hour, Queen Darlene Kuehn of Milton-Freewater, who will reign over the A-2 and B Shrine football game in Pendleton in August, will be presented by Shriner dignitaries in a short program. Joining the royalty will be Morrow County's Fair and Rodeo court, headed by Queen Verina French. Rainbow Girls will also be a part of the escort and honor the Shrine queen.

Opening the day Saturday will be the Jaycees' pancake and sausage breakfast from 6 until 10 a.m. This will be right on Main street in front of the Jaycee hall, next to Turner, Van Marter and Bryant's. Adults may eat a fine breakfast of pancakes and sausage for only \$1. Kids get off even cheaper at 75c.

Many other clubs and organizations will participate in the event. Morrow county's "Rock-hounds" (the Gem and Mineral society) will have a sale and display in front of Gonty's Shoe Store. The Methodist WSCS will have a food sale and grab bags in front of the former Sears catalog store on the east side of Main street. The Mother's club will be selling Sno-Cones in front of Turner, Van Marter and Bryant's. The Latter-day Saints church will have a bake sale and hand made items on sale near Murrays Drug store.

The Heppner Rebekahs will sell Pronto Pups in front of Hotel Heppner, and the wives of Royal Arch Masons will have a novelty booth in front of Western Auto. They are calling themselves the "Royal Arch Widows" because their husbands will be gone Saturday afternoon to their Mountain Meeting at Cutsforth park, an event that will bring some 100 to 125 Royal Arch dignitaries from Oregon, Washington and Idaho. Some of them probably will take time to enjoy the Sidewalk Bazaar, too.

A crowning feature of the Sidewalk Bazaar will be the kickoff dance of the Morrow county Fair and Rodeo season. This will be held in the fair pavilion at 9:30 p.m. with music by the Good Vibrations of Portland.

There will be free parking all day on both Friday and Saturday, Hust declares. The meters will be hooded by permission of the city council. A special invitation is extended to friends in neighboring towns to come, join the fun, and enjoy Heppner's hospitality.

For some of the fine bargains offered in the Sidewalk Bazaar, readers are urged to check advertising throughout this paper. The second section is devoted almost entirely to the Bazaar and other ads on it will be found in the first section.

Smashing Event Plan of Jaycees

Jaycees know for sure that the Sidewalk Bazaar is going to be a smash!

They have obtained an old car through the courtesy of Ceglia's Auto Wrecking and will have it parked in front of the Jaycee hall (next to Turner, Van Marter and Bryant) on Friday and Saturday.

At this place, they will go into the wrecking business for themselves. For a very nominal fee, all are invited to take turns wielding a sledge hammer to the car in the auto "smash."

The Jaycee promoters say that this is an opportunity for anyone to vent his feelings—maybe remembering some morning when his jalopy wouldn't start, or the day it had a flat tire. Anyone can take it out on the Jaycees' car.

Anyone who feels like demonstrating, protesting or marching—or if he just got up on the wrong side of the bed—can work off his troubles by taking a crack at the car with the sledge hammer provided.

ONE OF DEPUTY SHERIFF Dean Gilman's first official acts after being given the oath of office Friday was to hand a jury summons to Dave McLeod (left). McLeod groaned and declared that the jury duty was right during his vacation time. Deputy Gilman, who served as Heppner chief of police for years, will cover the entire county in his new position. (G-T Photo).

Gilman Begins Work as County Deputy Sheriff

It's Deputy Sheriff Dean Gilman now.

The man who served as Heppner chief of police for many years was given the oath of office Friday by Mrs. Sadie Parrish, county clerk, and he became the first full time male deputy that the county has had in 24 years, Sheriff C. J. D. Bauman said.

In his position, Deputy Gilman will cover the entire county

with particular emphasis on the north end, Sheriff Bauman states. Phil Goodall was formerly part time deputy serving the north end of the county, but he has resigned.

In the new post, Deputy Gilman will handle civil and criminal cases and will serve in some capacities on taxes.

He will make investigations and will do some patrol work in the county.

Work load in the sheriff's office has increased greatly during the recent years, the sheriff said, and the new position will make it possible for the office to give better service to the public.

In early October, Deputy Gilman will probably attend a police training school at Camp Withycomb, located between Gladstone and Portland, for four weeks of intensive training in all phases of police work. Many state policemen take the course.
