

Jim Dutli Paces Win for Savages

(Continued from page 1)

In the third quarter, the Savages drove from their own 40 and Dutli eventually poked the pignin over from the 2. The point try, also by Dutli, was good.

Final scoring for the visitors came in the fourth when Dutli broke loose on a long end run and hit paydirt. The point try failed.

Sophomore Quarterback John McCabe, who shows fine promise for Heppner, had trouble connecting on his passes and gave way in the fourth quarter to Larry Pettyjohn at the signal calling post. Using a short pass to the flat, the 130-pounder moved the Blue and Gold downfield in short bursts.

Coach Mel Victor had put his second team in the ball game, but when he saw them retreating at the hands of the advancing Mustangs, he quickly called in his first line of defense. But it was to no avail. The march clicked right along, and eventually Dave Hall punched it over.

Lee Huson, also just coming into the varsity ranks as a sophomore, was on the receiving end of many of those short passes and did an excellent job. He also took a pass from Pettyjohn for the extra point, making it 19-7.

Time was running out now for Heppner, but they held Enterprise deep after the ensuing kickoff.

Enterprise punted, and John Hall, a freshman, gathered in the ball somewhere between the Savages' 30 and 40 yard lines. Bruce Marquardt tossed a key block, John did some neat sidestepping, headed towards the sidelines, skirted all the oncoming Savages and darted into the end zone. This made it 19-13, but there was no time left on the clock. David Hall, John's "big" brother, ran over the extra point, and the Mustangs had to be content with 14 points.

The final action electrified the crowd and gave promise of things to come.

The Mustangs travel to Condon Friday for an afternoon game starting at 2 o'clock. They suffered no serious injuries in the opening contest and should be in full strength for the Blue Devils.

Coach Hiemstra said that he knows little about this season's Condon club.

He figures on going with about the same lineup as against Enterprise, but said, "I'm going to take a longer look at Pettyjohn."

The coach said that he was disappointed in the team's passing attack in the first three quarters of the game against Enterprise.

However, he had some good words to say for some of the team.

"I'm very pleased with the performance of Randy Stillman," he said. Randy, coming out as a senior after not going out for varsity before, boomed some punts during the game, intercepted the one pass and did a good job of placekicking on a kickoff.

He had words of praise for Jim Sherman, also out for the first time as a senior, playing guard.

"He did very well in the second half," the coach said, "and Steve Munkers had a better second half."

He said that the work of Bruce Marquardt, freshman halfback, was "tremendous."

He cited John Hall for the fine punt return, and Huson for his good work as an end.

HOSPITAL NEWS

Those admitted to Pioneer Memorial hospital during the past week, and are still receiving medical care, are the following: Edna Yarnell, Ione; Nina Stonefield, Heppner; Alta Stevens, Hardman; Phil Higgins, Heppner; and Kenneth Marshall, Lexington.

Patients who received medical care, and were later dismissed, were the following: Elsie Mollahan, Heppner; Edith Case, Heppner; and Delbert Turner, Heppner.

Enrollment Gains At High School

Enrollment has reached 206 students at Heppner High school, Principal Dick Carpenter said Monday.

Freshman class numbers 66, sophomores 51, juniors 46 and seniors 43.

CHOOSE A THEME

For The 1968

RODEO PARADE

WIN Two Tickets To Two Performances of the Rodeo

Heppner-Morrow County Chamber of Commerce needs your help in choosing a theme for the 1968 Rodeo Parade which it sponsors. Requests have been made that the theme be chosen early in order to allow more time to plan entries.

If your idea is judged best, you will win the prize—two tickets to the Saturday and Sunday afternoon performances of the rodeo in August, 1968.

Make your theme idea general enough so that it can apply to a wide variety of floats and entries.

Anyone may enter this contest—just fill in the blank below and bring or send it to the Gazette-Times, Heppner, by Friday, October 6.

now being erected. Steel work is due to start soon, he said.

Increase in girls' athletic programs in the district was discussed by the board. Inter-school basketball competition was started last year, some of the schools have volleyball competition, and some are engaging in track and tennis. Supt. Daniels pointed out that this takes considerable more time for the women physical education teachers and proposed a small remuneration for the extra work for the current year, with the matter to be reviewed prior to next year's budget. It may be advisable to place these teachers on a coaching index, he said.

The board generally agreed to extending the girls' physical education program, which in the past has been heavily emphasized for boys' athletics. They agreed to the extra pay for girls' physical education teachers, which will be as follows: Heppner High, \$150; Heppner Elementary, \$75; Ione, \$150; Riverside, \$150; A. C. Houghton, \$75.

Lex Property Discussed

Discussion came up on the deeding of some school ground property at Lexington to the City of Lexington, the former playground at the school. The district has offered to deed the property to the city for park use on condition that it be properly cared for and that if the district has use for it in the future, it would revert to the district. Under terms of a deed read at the meeting, the district would determine whether it was properly cared for.

Eldon Padberg was at the meeting to represent the city and said that the city is willing to take the property but with a "no strings attached" deed. He said that councilmen feel that if the city spends money in caring for and developing the property, they should not be faced with the possibility of having it taken from city ownership.

Chairman Don McElligott appointed Directors L. D. Tibbles and Irvin Rauch to meet with the city and discuss the matter.

The board discussed the \$8000 now in escrow with the City of Heppner that was to be used for improving Morgan Street extension on a program involving the State Highway Department and the city. Cost of the project has now gone so high (\$45,000, of which the local cost would be \$20,000) that it appears it will not be undertaken.

Principal Dick Carpenter of Heppner High has proposed improving the 2-way road to the Fulton Canyon road at a cost

of some \$2000 or \$3000. The Board discussed whether to leave the money with the city until plans can be decided upon, and it was tentatively agreed to leave it there on time deposit, drawing interest, for another six months.

Copies of the audit report were distributed by the superintendent. It will be reviewed at a meeting with the budget committee, probably sometime in November.

Mrs. Marshall Lovgren of Heppner and Mrs. Max Barclay of Lexington were appointed to the school advisory committee from their respective areas.

The meeting concluded with an executive session relative to payment for the new teacher-age at Ione.

Postal Card Kit Offered to Aid With Zip Coding

Heppner, Lexington and Hardman residents will have an opportunity to easily put Zip in to their mail in late September. Postmaster Driscoll reported today.

During the last half of September, the post office will deliver to every householder a kit of eight postal cards which can be mailed back to the post office with addresses needing Zip Codes. Each completed card will be sent to the post office which services the "zipless" address and the proper code will be added before the form is returned to the sender.

No postage will be needed on these cards.

Each of the eight postal cards in the kit will contain a message encouraging the general use of Zip Code. There will be a ninth card of instructions. All will be folded together like a closed accordion. There will be perforations between each form. In addition, another separate card will be delivered along with the kit which is a reminder

of the local Zip Code.

Last year approximately 100 addresses were Zip Coded by the Heppner Post Office as part of a similar program using only one (or two) cards with spaces for as many as 13 addresses, Postmaster Driscoll said.

Nationally, about eight addresses per card were returned during the 1966 project.

The unit cost of entering the code into each card will be less than the system used in 1966 because no look-up will be necessary. Every card in the final post office will need the same code, so an inexperienced clerk will be able to simply stamp it on the card and send the form on its return journey.

On an average day, between 175 and 250 million new pieces of mail enter the postal system. It is not expected that more than 10 million of the Zip-A-List cards will be in the system at any one time during the peak periods of mailing. Since they will be handled essentially as ordinary postal cards,

there will be no burden or displacement of service.

Last year, approximately 17 per cent of the nation's householders returned 96 million addresses for coding.

Extra kits will be available at the post office.
