

Teachers Greeted With PTA Fanfare On Reception Night

Heppner Elementary faculty members were escorted to the annual PTA Teachers Reception by parents and given a special welcome Friday night, September 22, in the multipurpose room of the grade school. Teachers were greeted at the entrance by a reception committee and were given red and white net corsages with name tags.

Jack Sumner, serving as master of ceremonies, opened the program welcoming the teachers as "Stars of Our School," the theme of the evening. Father Raymond Beard gave the invocation and Mrs. Clyde Allstott called the meeting to order before a crowd of nearly 100 guests. The meeting was then turned over to Mrs. Wallace Wolff, following a brief election and installation.

Mrs. Wolff introduced her PTA officers for the year, and invited Mrs. Ed Dick, district president, to say a few words. Mrs. Dick spoke of cooperation and communication between parents and teachers as being the most important thing for the welfare of the child. She also urged parents to attend the Oregon Congress of Parents and Teachers "School of Information," held Wednesday, September 27, in Heppner.

Sumner gave a brief, humorous talk and introduced school board members and Principal Alan Martin, who in turn, introduced his faculty and staff, asking each to stand and be recognized. Martin told parents of a few improvements that had been made at the elementary school this year in the form of a new walk-in cooler in the kitchen and a newly remodeled stage in the multipurpose room. He also stressed the fact that Morrow County is far advanced in Educational TV.

Following the benediction, Sumner ended the evenings program with a spontaneous burst of song and guests were treated to refreshments of cake, coffee and punch served on tables cleverly decorated in red, white and blue, with silver and gold stars down the center. Large red lettering on the wall read "Stars of Our School" and featured a simulated comet with a trail of stars.

Decorating arrangements were in the able hands of Miss Terry Linecum and her committee. Mrs. LaVern Van Marter, Jr., and Mrs. Ron Leonnig were in charge of the refreshments, with Mrs. Carl Spaulding and Mrs. Terry Thompson serving.

Cox-Carlisle Vows Exchanged in Evening Ceremony Sept. 2

Marriage vows were exchanged between Sandra Kay Carlisle of The Dalles and William C. Cox II of Heppner at an impressive evening ceremony Saturday, September 2, at the Zion Lutheran church in The Dalles.

The bride is the daughter of Horace S. Carlisle of The Dalles and parents of the groom are Mr. and Mrs. William L. Cox, Heppner.

The Rev. Arthur Osmundson presided over the double ring ceremony, performed at 8:30 p.m. Decorating the altar were bouquets of yellow chrysanthemums, gladioli and daisies, with two large standards holding matching floral arrangements and flanked by candleabra holding tall white tapers. The honor pews were marked with white satin bows.

Escorted to the altar by her father, the bride appeared in a floor length empire styled white crepe sheath, fashioned with bodice and wrist length sleeves of Chantilly lace. A matching Camelot chapel train extended from the shoulders and her silk illusion shoulder length veil was held by a lace headpiece. She carried a bouquet of cascading white roses and daisies with streamers of white satin ribbon.

Miss Joyce Carlisle of The Dalles attended her sister as maid of honor. Her gown was of bright yellow crepe, styled in the matching empire lines with matching yellow lace train and short silk veil held in place by a satin bow. She carried an arm bouquet of daisies tied with yellow ribbon.

Standing as best man for his brother was Gayle Cox of Portland. Ushers were John Cox, brother of the groom, Heppner, and Randall Slate of Bend.

The newlyweds greeted their wedding guests at a reception immediately following in the basement social rooms. On the serving table a circle of daisies surrounded the tiered wedding cake. Other floral decorations combined yellow chrysanthemum, gladioli and daisies.

Serving the guests were Mrs. Carl Foster, aunt of the bride; Mrs. Don Thorestensen, cousin of the bride; Mrs. Forrest May and Miss Barbara May, all of The Dalles. Miss Linda Foster of The Dalles presided at the guest book and Mrs. Bob Welty and Miss Bev Ferrington of Portland were in charge of the gift table.

The new Mrs. Cox changed to a white and yellow chiffon dress with white carnation corsage for her going away ensemble. The couple enjoyed a week's wedding trip to Canada before taking residence in Eugene.

The bride was graduated from the University of Oregon last June and is now studying for her master's degree in English.

Cox, a graduate of Heppner High school in 1963, also graduated from the University of Oregon last spring and is now working for his master's degree in Marketing.

As honored guest was the bride's grandmother, Mrs. Walter Carlisle of The Dalles.

Coming from out-of-town for the wedding were Mr. and Mrs. Walter Ferrington, Portland; Mr. and Mrs. George Holden, Goldendale, Wn.; Mr. and Mrs. Robert Yokum, Portland; Mrs. Mable Storlie, Silverton; Mr. and Mrs. Worth Puah, Portland; Mrs. Roy Wallace, Beaverton; David Cox, Portland; Mr. and Mrs. Dale Holland, Heppner; Mr. and Mrs. William Hannan, Silverton; Mr. and Mrs. Larry Hannan, Salem; Mr. and Mrs. Larry Tibbles, Portland; Mr. and Mrs. Dan Deschamps, Eugene.

Just one darn minute!

That's the most an Accutron® timepiece will gain or lose in one month's time. And we'll put it in writing!

Accutron looks like a watch. But it isn't. It doesn't have a mainspring, a hairspring, or a balance wheel.

These parts make a watch run fast or slow. Accutron has replaced them with an electronic-powered tuning fork. It splits each second into 360 equal parts. And makes the Accutron timepiece so precise, it won't gain or lose an average of more than two seconds a day. In fact, we guarantee accuracy to within 60 seconds a month. Just one darn minute.

The old-fashioned balance wheel principle is used in all watches; not the Accutron movement. The Accutron tuning fork makes possible the first guarantee of accuracy ever given.
