

Soroptimists Hear Program On Foreign Students

Possibilities of Heppner High school participating in the International Student Exchange program were discussed during the program of the Soroptimist club at its luncheon meeting last Thursday noon by two members of the teaching staff, Mrs. Vi Lanham and Mrs. Rachel Dick.

The Student Exchange program is one of several types available where a high school youth from a foreign country is invited to live in a community and attend the local high school. The program also provides opportunities for a local student to be sent abroad to study the culture of another country and live in a foreign home.

Purpose of the student exchange program is "to promote understanding and friendly relations among the inhabitants of the world by giving high school students the opportunity to know each other's culture, people and countries personally—the main purpose of the I.S.E. program is not tourism, but serious study."

The speakers told how a foreign student may be sponsored either for a 19-week period or for the full school year. A fee of \$30 must be provided by any sponsoring group for the 10-week time, or a \$350 scholarship fee for the full school year period.

Interest of the Soroptimist club in participating in helping to sponsor such a program would be stimulated through its committee on international goodwill and understanding. The Soroptimist organization is an international service organization, interested in improving international relations.

Requirements have been set up by the exchange program for both the host school and the host family, with which the student will live. These include the facts that "the school has to select a suitable host family; work out an interesting schedule for the ISE student and guide and counsel him throughout his stay. The host family should have at least one of their own children in high school. They must have an excellent reputation in the community, patience and understanding as well as a genuine interest in foreign cultures. Also, they must be financially able and have sufficient living space to support the ISE student. The only financial obligation for the host family is to provide food and shelter."

Mrs. Lanham and Mrs. Dick spoke of many of the benefits gained by not only the visiting student, but by the host school through their associations with the students, by closer cultural ties and understanding of the other countries, by strengthening the foreign language program within the school, with the opportunity for more conversational language. The host family also experiences a close bond and lasting friendship with the "exchangee", and provided an opportunity to "look at things through other eyes," the speakers emphasized.

Many of the Heppner High school students are anxious to get ISE program underway here, they said, but considerable organization and planning is necessary first and proper finances need to be made, along with necessary sponsors. A 10-week program is advised for the first sponsorship.

Heppner Defeated By Blue Devils But Down Savages

By GARY KEMP

Heppner High's Mustangs broke even in basketball last week-end by taking Enterprise here Saturday night after dropping Friday night's game at Condon. The win over Enterprise was by a 17-point margin, 79-62. The loss to Condon was 49-65.

The Mustangs, off to a poor start, are now 2-3 for the season. No league game will be played until January, however.

Friday night, the Mustangs played poor ball during the first half and then shaped up the second half, but were unable to overtake Condon.

Saturday night, Enterprise never stood a chance as the Mustangs finally played basketball for the first time this season. They completely outclassed the Savages, who defeated Pilot Rock rather handily the previous night of their swing into this area. Heppner showed the fans the ball that they are capable of playing.

Condon (65): Grabenhorn 34; Anderson 5, Fatland 2, Burns 2, Greenfield 8, Moffit 4, Bennett 9.

Heppner (49): Hall 8, Kilkenny 10, McLeod 10, Kemp 15, Larry Pettyjohn 2, Steve Pettyjohn 2, Dobbs 2.

Enterprise (62): Freels 14, Storm 14, Duttle 8, Field 11, Melville 9, Weaver 2, Rohn 2, Trullinger 2.

Heppner (79): Hall 8, McLeod 14, Stillman 9, Kemp 11, Russ Kilkenny 27, Dobbs 2, O'Donnell 2, Healy 2, McCabe 2, Larry Pettyjohn 2.

McEwen Scotties Stop Card Five

Hitting only 19 shots of 73 attempts, the Lone High school basketball team lost its first league game of the season Saturday night to McEwen at Athena, 47 to 44.

Until that time, the Cardinals had defeated every team they faced, including the Heppner Mustangs.

Lone, despite its cold night from the floor, battled into a one-point lead with one minute to go, 41-40, but four free throws made on one-and-one situations by the Scotties in the ensuing few seconds iced the game for McEwen.

The first quarter proved to be the difference in the game. Moses of the Scotties fired three successive buckets on jumpers from 20 feet out, his only field goals of the night. But these gave the McEwen five a fast start, and they took a 16-9 lead by the end of the period. Going into the second quarter, they rolled ahead at one time, 22 to 9, their biggest lead of the night.

While Lone was having a cold first half, the Scotties were hitting at a near 50 percent clip, bagging 10 of 21. In the same time, Lone hit only eight of 40 attempts.

McEwen played "ironman ball," the five starters going all the way without substitution. Frank Halvorsen led all scorers with his 20 points on eight field goals and four free throws.

Teachers Present Five Proposals To School Board

(Continued from page 1)

year of experience for the next three years, reaching a maximum of \$5800. Present schedule also starts at \$5200 but reaches a maximum of \$5500 at the end of the third year.

A salary index for girls' coaches was also established as follows: High school—volleyball, .02; basketball, .02; track, .02. Elementary, all activities, .02. If the same instructor coaches both high school and elementary school sports, the elementary index will be a total of .02 and not .03. Maximum for any teacher, coaching all sports in grade and high schools, was thus set at .08.

Fulleton Bid Accepted
The board accepted the bid of Fulleton Chevrolet Co. of \$2,511 for a 30-passenger school bus chassis with \$400 additional for delivery. Fulleton's bid was low among four received, the others being Heppner Auto Sales, Farley Motor Co., and Morrow County Grain Growers.

Bid of Schetky Equipment Co. on the bus body of \$2,931.50 was accepted. The company will furnish a Superior body and allow trade-in of \$785 on the old bus. With delivery of the bus by Fulleton Chevrolet Co., the Schetky body bid was slightly lower than the only other bidder, Phillips Long Ford Sales.

Committee Appointed
Chairman Don McElligott appointed members of a district building committee, which he prefers to call a "long range planning committee." He said additional members will be named when they have agreed to serve.

Those announced are as follows: Heppner area—Dr. Wallace Wolff, Bob Jones and Orval Matheny, alternate; Boardman area—Mrs. Dewey West, Vernon Russell; Irigon area—Orval Buchanan, Bill Parker; Ione area—Louis Carlson, Gar Swanson; Lexington area—Elden Padberg, Supt. Daniels will act as secretary and Chairman McElligott will serve in a non-voting capacity. Another single member is to be named for each of the Heppner and Ione areas.

A meeting of this committee is scheduled with the advisory committee on January 3.

Chairman McElligott said that he envisions the committee's work as that of "looking over the school system, seeing what we have now, determining what we want to do and when we want to do it."

Riverside Progresses
Progress on the Riverside school was reported by the superintendent. It is expected that workmen will start roofing the structure this week and they are now putting in heat ducts. Most of the electrical work has been completed, and the board authorized \$849.50 additional for electrical change orders.

Supt. Daniels said that the well being drilled has tested at not less than 260 gallons per minute at a depth of 99 feet.

This is better than anticipated and it now appears that this will save the district \$1300 by being able to stop at the shallower depth.

The question of "What will we do if the building isn't finished by April 17," date that the old school must be evacuated, is one yet to be answered. The superintendent said that this must be discussed at the January meeting.

Purchase of lockers for the dressing room, 226 chairs, venetian blinds, and curtain track to equip the new building were approved by the board. This expenditure of some \$6800 completes the use of the \$17,000 set aside for equipment for the building in the 1967-68 district budget.

Burglary Reported

Report was given by Supt. Daniels and Principal Dan Daltoso on the burglary of Riverside school last Wednesday night. The prowlers broke a window to gain entry to the building, broke into the shop building to obtain acetylene torch, and used the torch in cutting into the school safe. A total of \$879.69 was taken, including \$178 in money to pay a studio for student pictures taken; \$41.87 in petty cash; \$40.85 received for gym rental; \$25 from pop machine; \$39.80 earned by the junior class on a raffle; \$390.52 in student body funds; and \$163.65 in hot lunch funds. No insurance is carried on the loss.

League Problem Reported

Principal Dick Carpenter of Heppner High school, and chairman of the Greater Oregon athletic League, reported on problems facing the league. The league, he said, is split in two divisions and most members favored a 5-5 split of the 10 teams. However, Vale and Nysa couldn't meet the 5-5 split in football and keep their commitments with nearby Idaho schools, so the football season

was operated on a 6-4 split, but basketball and baseball is to be 5-5.

The football season this year was played with six teams in the west and four in the east, Pilot Rock joining Enterprise, Vale and Nysa in the east.

At a recent league meeting, plans were made for the next football season, but Carpenter said that he then received three calls from administrators saying that Vale and Nysa could not meet their commitments.

A special meeting was held in La Grande, and it was proposed there that a league round-robin be played in football. It passed 7-3.

Heppner currently is playing seven of the nine other teams in the league with Enterprise

HOSPITAL NEWS

Patients who received medical care at Pioneer Memorial hospital during the past week, and were later dismissed, were the following: Cora Burnside, Spray; Kathleen Mather, Pendleton; Sheryl Massey, Heppner; Marlene Gray, Heppner, and Eloise Smith, Heppner.

Still receiving medical care at the hospital is Maynard Hamilton of Monument.

and Pilot Rock as non-counters. If this round-robin system holds, the league winner will represent the district in the state without the necessity of a play-off, since all teams would compete through the season from both east and west.

OREGON WHEAT GROWERS LEAGUE
URGES ALL FARMERS

to attend a meeting for the purpose of explaining and discussing how the new Workmen's Compensation law will affect the wheat farmer.

Two Meetings Have Been Scheduled
so that farmers may discuss this law:

At Condon, Wednesday, December 27, 9 a.m.

In the Courtroom at the Courthouse

At Arlington, Wednesday, December 27, 2 p.m.

In the City Hall

All Morrow County Wheat Growers Invited to Attend These Meetings.

Peace, Humility . . .

Both describe the underlying Theme of Christmas. As we remember how A Child in a manger Brought together animals, Kings and wise men and shepherds To kneel in homage.

DRAWN BY CAROL HUGHES, 7th GRADE

A Little Dog's Prayer . . .

If you were a little dog like me
And I were just like you
All my life I'd try to be
Good and kind and gentle, too.
To all my friends, as here I kneel,
I pray you bear in mind
That Dogs, as well as you, can feel
SO to all animals please be kind!
