

Jaycee-ettes Hear Neighborhood Center Services Discussed

January meeting of the Jaycee-ettes was called to order by President Dorothy Wilson on Thursday evening, February 18, at the home of Mrs. Dan Anderson.

During the brief business meeting, a committee of three was appointed by Mrs. Wilson to prepare by-laws to be presented to the group at the next meeting. Those appointed to work on this project were Mrs. Clyde Allstott, Mrs. Jerry Hollomon, and Mrs. Forrest Burkenbine.

Program for the evening was presented by Mrs. Pat Brindle, assistant coordinator for the Heppner Neighborhood Center. She spoke on the many services of the Center, stating that the basic function of the Center at this time is to make people aware of the agencies and services that exist to serve the people. Among programs offered in the Neighborhood Center, for instance, is legal aid to the poor, public health clinics, adult education classes, recreation programs, job training programs, farm information, employment services, and professional services, as offered by BMCC and EOC.

The Heppner Neighborhood Center is one of four existing centers in Umatilla and Morrow counties, which have a population of 50,000, or 2,130 families. Of this total two county population, the area served by the Heppner Center has 412 families with an income of less than \$1,000, or 18 percent with incomes within the poverty guidelines; 16 percent of persons age 25 or over with eight years education; and 11 percent of the substandard housing of the two county area.

Mrs. Brindle states that among items needed at the Center are baby layettes, clothing for preschool children and high school age students, and sewing materials for quilts or clothing.

She also states that G.E.D. classes will begin March 18, at the high school and that more students are needed to fill the required ten per class. Men of the area that do not have high school diplomas are especially urged to sign up for the classes.

Members of the group greeted Mrs. Norman Clow as a new member and refreshments were served to the group by Mrs. Anderson and co-hostess, Mrs. Allstott.

Next meeting for the club will be March 21, at the home of Mrs. Forrest Burkenbine.

Church Group Sends Packages to Youth

The monthly meeting of the WSCS group of the Methodist church was held Wednesday evening, February 7, with Mrs. Jim Hilderbrand, president, presiding over the meeting.

Program for the evening was conducted by Mrs. Lynn Pearson, who chose the topic of missions and the work which is accomplished with assistance from small communities.

Remainder of the evening was spent in wrapping packages to be sent to college students from this area, who are away at school, and servicemen from the area, who are serving in Vietnam.

Co-hostesses for the evening were Mrs. Lincoln Nash and Mrs. Archie Padberg.

Society AND Clubs

Talk Informs Club Of Welfare Work Through Local Office

The function of public welfare work in Morrow county was brought to the attention of members of the Soroptimist club at its luncheon meeting February 8. Guest speaker was Mrs. Shirley Loyd, who serves as case worker for the Morrow county welfare office.

"Most people have an aversion to public welfare," she said, and related how many times the possibilities of help which could be given is overlooked or shunned by those who are really in need. It is actually just another segment of the Social Security Act of 1935, she pointed out, whereby welfare aid is looked upon as a "grant". About 50% of the money used for welfare aid comes from the U. S. government, with the other 50% coming from the state and county. It is set up under state standards, and is therefore the same in all counties.

Various qualifications and regulations were discussed by Mrs. Loyd, which serve as basic rules for applicants. Morrow county carries an average of 60 welfare cases, with the majority in the area giving assistance to the elderly. Through their work with needy families in the county they find several emotional and mental problems, and strongly support a mental health clinic which could be of great assistance in this particular area. Many cases are referred to other agencies throughout the year. A period of open discussion brought out interesting comments on accomplishments experienced through the county office.

Under the chairmanship of Miss Terry Lincecum, art teacher, guest books are being prepared for permanent care patients at Pioneer Memorial hospital, and were expected to be delivered as Valentine gifts from the club.

Mrs. Bill Johnson presided over the meeting, with 100% attendance reporting for roll call. A Valentine greeting was sent from the club to a life member, Mrs. Leta Thomas, in Tucson, Ariz.
