

Club Votes Changes In Name, By-Laws; Plan for Convention

A good turnout of members attended the March meeting of the Morrow county Jaycee Wives as they met at the home of Mrs. Forrest Burkenbine last Thursday evening.

President Dorothy Wilson presided over the business meeting, during which significant revisions to the clubs by-laws were discussed and voted on by the members attending. By a unanimous vote, then name of the organization was changed from Morrow county Jaycee-Wives to Morrow county Jaycee Wives.

Mrs. Vern Nolan, Mrs. Jerry Hollomon and Mrs. Bruce Rigby were appointed on a committee to speak with Willard O'Harra, administrator at Pioneer Memorial hospital about a proposed project to assist elderly people in the hospital in acquiring needed objects. A report on this project will be heard at the next meeting.

Club members are making plans for the Jaycee District 13 meeting, which will be held here April 21 at the Legion hall. Jaycee Wives are preparing a planned program of entertainment for wives attending this meeting. Proposed ideas are a wig show and a comical hat designing contest, with prizes to be awarded for the most original or the most humorous hats entered. Mrs. Clyde Allstott will head a committee to prepare the entertainment and will be assisted by all members.

Members will meet April 1, at 7:30 p.m. at the Heppner Neighborhood Center to work on further arrangements for the district meeting.

Mrs. Allstott gave a short report on the Spring Board convention held recently in Newport, and reminded members of

In the afternoon, the specialists held workshops for brass and reed instruments.

Schools participating were those of John Day, Burns, Heppner, Prairie City, Seneca and Culver.

In the evening program groups of numbers were sung by the combined junior high chorus and by the combined high school chorus. The junior high band and the high school band, also combining the students from the participating schools, each played groups of numbers. The Grant Union High honor chorus, directed by Al Olson, sang two numbers as a special part of the program.

The concert was recorded by Century Records with the 20 numbers, both vocal and instrumental, included. Stereo record albums are available. Information may be obtained from the Heppner Elementary school office.

"All of those involved—students, teachers and spectators—agreed that the experience was very worthwhile. Mr. Hedman was particularly pleased with the performance of his band members," Principal Martin said.

The elementary band will play next on April 3 at the high school, and the group will perform on April 20 at the Band Carnival and on May 21 at the spring band concert.

Memorable Vacation Enjoyed in Islands

Two Heppner teachers saw spring vacation as an ideal opportunity to make a long planned trip to the Hawaiian Islands. Miss Terry Linecum, art instructor for the Heppner schools, and Miss Cecelia Delmore, speech teacher at Heppner High school, left Friday, March 8, for Portland, from where they flew to Seattle and on to Hilo, on the island of Hawaii, and Honolulu, located on the island of Oahu. They stayed at Waikiki Beach for the duration of their visit and had a view of Diamond Head from their hotel window.

The two rented a car for sight-seeing and visited the Cultural Center in Laie. The Center is composed of displays representing several island groups, and here they saw art work, jewelry, styles, dances and customs of the people of the islands. They visited the Ala Moana, reputed to be the world's largest shopping center, and also visited an art gallery and a sculpture center. They drove to the area of the Falls, where the great winds blow, and were impressed with the six lane freeways on the island, all with speed limits of not more than 35 mph.

The two spent considerable time relaxing while soaking up

the sun and swimming, and Terry says she spent much of her time sketching.

One of the highlights of their trip was the opportunity to listen to Arthur Lyman, a popular Hawaiian recording star.

This was Miss Linecum's first trip to the islands, but Miss Delmore had received her Peace Corps training there.

The two arrived home Sunday, March 7, after a short 5 1/2 hour trip by jet.
