Posters Educational

The anti-litter posters, prepared by Ione grade school students in grades four to six, have been on display in local business establishments for the past five weeks. Some were originals, some are copies, but all have been very interesting. This is one of the Ione Garden club's campaign projects to remove unsightly debris.

Although not expecting this

to combat litter 100%, the club feels that it has been educational in helping students to have the desire to improve roadside litter conditions, as well as around the community and in the home. Club members wish to thank teachers and students for their cooperation and hope the results will aid all to enjoy their efforts.
