

Teacher Needed For Kindergarten

Members of the Heppner Civic League are searching for an instructor for the local kindergarten for the coming year following the resignation of this year's teacher, Mrs. John Maatta. The sponsoring group would prefer getting someone with teaching experience if possible, however other applicants will also be considered, according to Mrs. Bill Gentry, Civic League president.

Registration in the two classes of this year totaled 38 regular students. Initial registration is \$10, plus \$8 each month, with some scholarships made available by the Civic League to those who would not be able to attend otherwise. Classes are open to pre-schoolers who will be five or older by November 15. Registration will be held at the time of regular school opening in September, or Mrs. Gentry may be contacted for answers to questions, or in regard to advance registrations.
