REX ELLIS
Republican
FOR DELEGATE TO THE NATIONAL PARTY CONVENTION

Experience: Dean of the Oregon State Senate and member of the powerful Ways and Means Committee 14 of the 18 years I was a State Senator.

I solicit your vote for delegate to the Republican National Convention. I was a delegate in 1964 and joined some other delegates from the Western States in trying for some native common sense in the party platform. The Bureau of Land Management owned 31,915,902 acres of land in Oregon. The true cash value of Federal property not taxed in Oregon amounted to \$3,456,305,000. Our group from the West was joined by the Southern delegates who were advocating states rights. At the meeting of the convention our delegates prepared the following resolution:

"THAT ALL FEDERAL PROPERTY NOT USED FOR A SPECIFIC PURPOSE, BE DEEDED BACK TO THE COUNTIES, THEREBY PUTTING IT ON THE TAX ROLLS."

We did not introduce our resolution when we discovered that the "King Makers" were more interested in defeating Goldwater than putting a plank in his platform which would help elevate him to the presidency.

Our resolution provided that one half the money from the sale of the land be used to reduce the national debt, the other half to offset the property tax.

At the last session of the Oregon legislature we introduced the same memorial which the Senate approved 25-5.

When the memorial went to the House, the Chairman of the committee where the memorial was sent, refused to let it go to a vote. WHY? We are currently spending billions of dollars to reach the moon, but for what? I advocate that the billions now being spent for moon trips should be used to care for the needy of our country, educate our children, and reduce taxes.

Poppy Days Set For the Weekend

Bright red memorial poppies will "bloom" on streets of Heppner this week-end while the American Legion Auxiliary holds its annual Poppy Day sale Friday and Saturday, May 24 and 25. Mrs. Clayton Sweek will serve as this year's chairman.

Dads Week-ends.
A graduate of Heppner High school with the class of 1967, Miss Rawlins is majoring in home economics and resides in Buxton Hall.

Volunteers will work from a booth set up in front of the J. C. Penney store.

All funds received through the selling of the poppies, and the contributions which many persons offer, benefit the organization's child welfare and rehabilitation programs. Also veterans who make the poppies are given employment which enables them to help their families, and often is the only income the veteran has.

Mrs. Virginia Turner recently visited in Pendleton, where she had an opportunity to tour the new Portland Civic Auditorium, which she says is quite wonderful. While in Portland, she had occasion to celebrate her birthday with several friends who accompanied her to Hawaii two years ago. The group got together at the home of Mrs. Adams, mother of Mrs. Don Turner, where they had the reunion and birthday celebration. Accompanying her home was her brother, Art Crawford of San Jose, Calif., who will remain to visit in Heppner until after Memorial Day.
