

# FARM SAFETY WEEK

**MAKE Farm Safety  
AN EVERYDAY HABIT!**

## Harvest the Rewards in Profit, Production and Protection . . .

The success of today's highly mechanized farm depends to an ever-increasing degree on the safety practiced by today's modern farmer. When safety is your constant companion, you run a more efficient and productive farm.

As a modern farmer, you put heavy dependence on the proper operation of costly, often specialized equipment. Be sure it is safe to use . . . keep all machinery in tip-top shape.

Accidents are fewer when your farm area and buildings are neat, clean and in good repair. And even your youngest farmers-to-be should practice safety. The best way for them to learn is by following your good example.

Safety is a full time job. Practice it all year around, and you'll never stop harvesting the benefits.

### It Takes Just Seconds to Make A Safety Check On Your Farm
