### Accident Wrecks Bristow's Auto

Don Bristow of Ione escaped serious injury Sunday when his auto went out of control on Ella Road near the Strawberry Road junction a few miles from Ione. His Volkswagen was considered nearly a total loss.

The Ione man was on his way to Pasco when the accident occurred. He was thrown from the car into a fallow field as the vehicle rolled over and had to walk two miles for aid after recovering sufficiently to do so.

Bristow was unsure how the accident occurred. A tire may have blown or he may have swung too wide and hit loose gravel in rounding a curve on the hard-surfaced road. It was raining and he may have hit a slick spot as he brought the car back to the road.

As it went out of control, the car hit a concrete abutment and this caused him to be thrown out.

Bristow suffered a cracked rib and lacerations. He was unable to work at Bristow's Market, Ione, the first of the week and seemed to be running a temperature which his doctor was checking.
