### CONSTITUTIONAL AMENDMENTS AND MEASURES

#### REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

1. CONSTITUTIONAL AMENDMENT BROADENING VETERANS LOAN ELIGIBILITY—Purpose: Article XI-A amended authorizing farm and home loans to Oregon Veterans with 210 days of active duty service, part of which service occurred after January 31, 1955, or discharged for disability. Application to be made within 20 years after leaving service. World War II cutoff date changed from December 31, 1946 to July 25, 1947. World War II and Korean veterans qualify where part of 90 day service occur within war dates.

YES   
NO

ESTIMATE OF FINANCIAL EFFECTS: An estimated 60,000 additional Veterans would be made eligible for Oregon Veterans' farm and home loans upon passage of this amendment, and an approximate 9,000 each year thereafter. To meet the loan needs of this new group, additional bonds would have to be sold in the amount of \$3,500,000 prior to June 30, 1969, and \$10,000,000 for the following two-year period. This money, plus interest, would be repaid by the Veteran borrowers, so there would be no cost to the State or the taxpayers.

2. CONSTITUTIONAL AMENDMENT FOR REMOVAL OF JUDGES—Purpose: Empowers legislature to provide procedure for Supreme Court to remove judge of any court from office for: (a) Conviction in any state or federal court of a crime punishable as felony or which involves moral turpitude; or (b) Wilful misconduct in a judicial office, involving moral turpitude; or (c) Wilful or persistent failure to perform judicial duties; or (d) Habitual drunkenness or illegal use of narcotic drugs. Amendment's removal procedure and Article II, section 18, recall provision, made exclusive.

YES   
NO

3. EMPOWERING LEGISLATURE TO EXTEND OCEAN BOUNDARIES—Purpose: Amends Article XVI, Oregon Constitution. Permits legislature to extend state's seaward boundaries or jurisdiction under authority of laws heretofore or hereafter enacted by Congress of United States.

YES   
NO

4. CONSTITUTIONAL AMENDMENT BROADENING COUNTY DEBT LIMITATION—Purpose: Broadens present county constitutional debt limitation so as to authorize agreements to purchase or lease real or personal property for a period not to exceed 10 years. Agreements entered into by a county must be made pursuant to law and for a public purpose.

YES   
NO

5. GOVERNMENT CONSOLIDATION CITY-COUNTY OVER 300,000—Purpose: Amends Section 2a, Article XI of the Oregon Constitution. This amendment would provide for the consolidation of city-county governments in counties having a city with more than 300,000 inhabitants. The Legislative Assembly is to provide by law the manner of consolidating the government so that it may function under one set of officers. Incorporation to be made under general laws providing for municipalities. Noninconsistent provisions of constitution are still applicable to cities and counties.

YES   
NO

#### PROPOSED BY INITIATIVE PETITION

6. BOND ISSUE TO ACQUIRE OCEAN BEACHES—Purpose: Constitutional amendment confirming existing public rights to ocean beaches and accesses. Authorizes state acquisition of privately-owned beaches bordering Pacific Ocean from extreme low tide to natural vegetation line, and accesses. Authorizes at any one time not to exceed \$30,000,000 state general obligation bonds for acquisition. Prohibits construction of highways on beaches and ocean sand spits. Imposes for four years one cent per gallon tax on fuel for private passenger motor vehicles to retire bonds.

YES   
NO

ESTIMATE OF FINANCIAL EFFECTS: The proposed amendment authorize the issuance of general obligation bonds by the Legislature in amounts up to \$30 million at any one time, plus the interest payable on such indebtedness. Such bonds, if retired, could be reissued for the purposes of the amendment. The amendment further provides that a 1c per gallon increased passenger vehicle fuel tax be levied for four years with the proceeds dedicated to retirement of the bonds and interest. State revenues from this source are estimated to be \$41.5 million for the four year period. Additional revenues to the State would accrue from the interest earned on these funds between the time of their collection and the time of their application in payment of principal and interest on the bonds.

7. CONSTITUTIONAL AMENDMENT CHANGING PROPERTY TAX LIMITATION—Purpose: Repeals 6% limitation. Limits property taxes to 1 1/2% market value. Exempts: (1) Existing bonded indebtedness; (2) levies approved in November by majority equaling 20% of registered voters.

YES   
NO

ESTIMATE OF FINANCIAL EFFECTS: If the voters approve this proposed constitutional amendment, the State Tax Commission estimates that property taxes levied locally by counties, cities, school districts and special districts such as rural fire protection districts would be reduced by about \$150 million in the first year of its effect.

The State would then automatically collect at least \$6,500,000 more after the first year from personal income taxes, corporation excise taxes and other taxes. This gain in State revenues would result primarily from: (1) smaller deductions for property taxes on itemized income tax returns of homeowners; and (2) smaller property tax deductions on business and commercial property owners' income tax returns.

The administrative costs to carry out this proposed amendment cannot be determined until enabling legislation is enacted. Oregon law limits this statement to the effect of this proposed amendment on State government finance.
