Leslie Ledington Sees 'Get Smart' TV Crew on Carrier

Would you believe that Maxwell Smart, super-sleuth, agent-86, and master of the old "Sorry about that Chief" routine has joined the U. S. Naval Reserve?

Not only has Max joined-up, but he took the "chief" and "89" with him. All of this was much to the amusement of Fireman Apprentice Leslie N. Ledington, USN, 19, son of Mr. and Mrs. Victor H. Ledington, of Spray, aboard the anti-submarine warfare support aircraft carrier USS Yorktown in the Pacific.

The entire NBC-TV "Get Smart" crew was aboard the carrier for a two-day filming session. Scheduled to be "aired" in early December, the story centers around the two-week active duty tours of the "chief" and "86". During the episode, "Out of CONTROL," many Yorktown crewmen are seen at their jobs.

The carrier is back to normal now, conducting the highly technical job of qualifying Navy pilots in aircraft carrier landings.
