

Top Horses Seen In Cow Cutting Here

The many horse lovers of this area saw some of the Northwest's best in action at the 10th annual Spring Meet and Cow Cutting event, sponsored by the Wranglers, Saturday night and Sunday.

The field numbered about the same as the more than 70 of last year, and the event drew good crowds in the covered arena at the fair pavilion, the bleachers being nearly full at the height of the show.

After the finals Sunday morning, the Wranglers were hosts at a potluck dinner followed by barrel racing and a playday. The open event of cow cutting ended in ties in both go-rounds. However, top money winner was Frank Bates' Missile Joe who tied for first in the second go-round and tied for third in the first go-round. Bates comes from Boise, Idaho.

Upholding the local entries, The Maestro, owned by Ralph Beamer of Heppner tied with Bates for first in the second go-round. Tied for first in the Saturday evening go-round were Miss Penny, owned by Bob Hartsell, Selah, Wash., and Sparkle, owned by John Condon of Woodinville, Wash.

Complete results were as follows:

OPEN

First go-round: Miss Penny, owned by Bob Hartsell, Selah,

Wash., and Sparkle, owned by John Condon of Woodinville, Wash., tie for first; Missile Joe, owned by Frank Bates of Boise, and Dolly Stampede, owned by Jess Turner of Estacada, tied for third.

Second go-round: The Maestro, owned by Ralph Beamer, Heppner, and Missile Joe, tied for first; Poco Flame 9, owned by Oran Emerson, Ellensburg, Wash., and ridden by Shirley Bartlett, third; Holey's Daisy, owned by Melvin McGuire of Yakima, Wash., and Dolly Stampede, tied for fourth.

\$750 NOVICE

FIGURE 8 STAKE RACE

Six and under: Jana Steagall, 14.8; Mary Brock, 16.8; Cliff Dougherty, 20.3; and Tony Currin, 26.5.

Ages 7 through 9: David Stea-

Sorority Members Chosen for Offices At Coos Bay Meeting

Representing the lone chapter of Epsilon Sigma Alpha Sorority at the state convention for Epsilon Sigma Alpha International Sororities, held last weekend in Coos Bay were Mrs. Gene (Maxine) Rietmann, Mrs. Art (June) Lindstrom, president-elect of the lone chapter, and Jessie Gordon.

At the convention, Mrs. Rietmann was named State Educational Director for the coming year. In this capacity she will provide a recommended yearly study program for all Epsilon Sigma Alpha chapters in the state and will assist the chapters with their programs, in addition to reporting on the progress of the various programs to international headquarters.

Other duties of the Educational Director will be to act as head judge for the educational contest planned for next year's convention, and to judge the educational programs submitted from the chapters throughout the state, choosing the top three. In addition she will select from all chapter members the outstanding member who has contributed the most to the states educational program throughout the year.

Jessie Gordon of the lone chapter also received a state appointment at the convention when she was named Oregon State Home Board Representative. In this capacity she will be called upon to serve on the Oregon State Executive Board.

Installation meeting for newly elected officers of the lone sorority are planned for the May business meeting.

Prizes to Attract Many to Beef-O-Rama

Door prizes will be one of the highlights of the Pendleton Beef-O-Rama, Saturday, April 26, 1:30 p.m., Vert Auditorium. This two-hour beef cooking school is all free and open to the general public.

Just for attending, some lucky ladies will win a half side of Oregon choice beef, which will be donated by the Umatilla County Cattlemen's Association; a Frigidaire flip-top dishwasher, courtesy of Gale's Appliance, and bags of groceries from Stewart's and Safeway. The Umatilla County CowBelles and the Oregon Beef Council will be giving away Beef Gift Certificates, plus beautifully bound cookbooks and all food which is prepared during the show.

Everyone attending will receive dozens of free beef recipes.

Over The Tee Cup

By DEE GRIBBLE

Ten hardy golfing gals were rarin' to go Tuesday morning, after a cup of coffee in the clubhouse. There has been a reorganization of the ladies-in-charge, so when the details come out soon by letter, take notice—you might be in charge next.

It is early in the season for anyone to be too good, but Bev Gunderson had low score and Karen Holland won her "very first ball" for most putts. We change things around each playday in an effort to cover any situation that might come about. This week we played for our "score less par" and Bev had

a 12. Coffee was under the "old apple tree, tra la," courtesy of Dee Gribble.

An extra warm invitation is issued to you gals that don't and haven't yet played the game, to come out Tuesdays at 9 o'clock and join in the fun.

SAVES TIME AND STEPS

Good planning makes your all-electric kitchen even better!

Most important room in every house

Ever notice how your family seems to congregate in the kitchen? Small wonder! After all, the kitchen is the natural family center for American living.

That's why it is so important to have a well designed kitchen. It'll save you countless steps; lets you do more work with less effort; and lets you do it quicker!

A little planning can help you do wonders in making yours a low cost model kitchen. To make best use of existing space, plan your work around your three principal activities: (1) food preparation, (2) cooking, (3) clean-up.

Cooking area: use electricity to keep that "old-fashioned" flavor

Whether you choose a conventional "free-standing" or "built-in" range and oven, be sure you cook the modern way... with clean, safe electricity. It's the best way you can be certain of getting just the right temperature for every dish. Once you've established a superior recipe, you can repeat it time after time when you cook with electricity!

An exhaust fan over the range is a wonderful addition to any kitchen. It helps remove heat, moisture, and cooking odors. Plan adequate storage for cooking utensils near the cooking area; it'll save you hundreds of steps every day.

If a built-in unit is used, have the oven installed at eye level to save stooping and bending when you are baking. A "free-standing" range should be installed at the end of your cabinets instead of in the middle. This will leave room for any size range you might buy in the future.

Preparation area: have adequate electrical outlets

The two most important features of a good preparation area are plenty of working space and adequate electrical outlets for all the appliances you'll use when preparing meals.

Counters should be waist high (34" to 36") and covered with an easy-to-clean material. Avoid cracks or crevices. Your refrigerator and other food storage areas should be close by. So should mixing bowls, knives, etc.

Be certain you have adequate wall outlets for your electrical appliances and for those you'll be adding in the future. The outlets should be on a different circuit than your refrigerator to avoid over-loading.

Clean-up area: electricity takes drudgery from chores

Good kitchen planning can save you hours of needless work. Arrange your cabinets conveniently so there's plenty of storage for dishes and utensils convenient to your clean-up area.

Today's modern electric dishwashers, with their giant capacity, lets you wash all the cooking and eating utensils at one time. And the water is super-heated to kill many germs which might survive old-fashioned hand washing.

A garbage disposal is another helpful appliance which takes much of the "mess" from the homemaker's life. You can actually "wash" nearly all your garbage down the drain!

Bright and cheerful as a happy home!

Lighting plays an important role in your kitchen. We suggest every kitchen have adequate "general" lighting plus additional fixtures for the preparation area. It's a good idea to have light over the sink, too.

An efficient kitchen and low-cost electric power go together to give you a better, more comfortable life. That's why today's modern homemaker has all the conveniences of her city cousins... and still enjoys the uncrowded freedom of country living!
