Social Security's Youth Helps Told

"Social Security serves youth." This statement was made by Vernon A. Welo, Social Security manager at La Grande, in explaining the various features of the program.

"Social Security is more than older people, retirement and Medicare," Welo said. "It is monthly cash payments to disabled workers and their families. It is monthly checks to widowed mothers and their children."

A disabled person under age 24 may qualify for benefits if he has worked at least 1½ years of the last three years before his disability began, according to Welo.

"Every worker under Social Security, no matter how young, is purchasing disability and survivors protection for himself and family in addition to earning cash payments for his eventual retirement," Welo said.

Full information about benefits for young workers can be obtained at the Social Security office at La Grande. A free booklet, "Social Security Information for Young Families," may be obtained by writing Box 1027, La Grande, Oregon 97850, or phoning 963-4131.
