

CARE TO PRACTICE PUTTING? This is how the pretty putting green at Willow Creek Country Club looked on Tuesday morning. (G-T Photo).

FLOODING MONDAY night left a generous supply of unwanted messy drift as this photo, looking south on South Main street shows. Swim pool is in the background. (G-T Photo).

Too many oils?

RPM DELO Multi-Service Oil is the one oil best for both diesel and gasoline engines.

Girls Make Favorable Showing at Olympics

Three Heppner Elementary school girls entered competition in the Oregon Junior Olympic track meet at Woodrow Wilson High school in Portland on Saturday, June 7. They were among 53 girls in the 12-13 year age group.

Anita Davidson, who had won first in the 12-in. softball throw at the district meet in Arlington, placed 2nd in the state, with a throw of 116 ft. 11 in. Susan Healy competed in both high jump and 50-yard dash, making a good showing with a jump of 4'1" and a run of 6.9. Kathleen Bartlett, first place winner in the district 50-yard dash, finished in a good time of 6.7, after placing first in the district meet.

Several other junior high athletes were entered from the Lone and Boardman schools. Taking Susan and Kathleen to the meet were Mr. and Mrs. Joe Bartlett, and Anita went with her mother, Mrs. Bob Davidson.

JIM FARLEY AND HELPER, Larry Anderson, try to dig a drainage ditch Tuesday from Farley Motor Company's temporarily abandoned used car lot. In the background, scoop clears muck from the street. (G-T Photo).

Electric Storms Cause of Outages

The onslaught of electrical storms through the week-end kept crews of Columbia Basin Electric Cooperative on the go, Harley Young, manager, said. Most of the trouble was encountered during Saturday night's storm when several localized outages occurred from transformers being burned out. Transformer at the Gene Majeske place was knocked out by lightning and this disrupted service to his place and to some of his neighbors.

A similar outage occurred at the Dave Childs place near Arlington.

Two lightning strikes cut electrical power lines, one being on the Willow Creek line and another one north of Condon. The latter interrupted service to Olex and lower Rhea Creek for a time.

Heppner had no outages. Lights blinked occasionally from over-voltage caused by the

lightning, Young said. Men of the cooperative worked through the night in the hazardous combination of heavy rain and lightning to keep the area in service.

Want tougher floors?

Standard Floor Hardener for hard, long-lasting surfaces on wood, cement, linoleum.
