Unspoiled Splendor — Magnificent Wilderness — That's Oregon

Glacier Lake in the Eagle Cap wilderness area of the Wallowa Mountains.

A breaker explodes against an offshore rock, at Cape Kiwanda.

Oregon's unspoiled splendor, its peace and beauty virtually unchanged from the land pioneers sought so fiercely, remains untouched by many of the problems which harass so much of the rest of the country. Its air is unpolluted, its streams pure, its beaches and parks uncluttered. This majestic, tension-free state, tenth in size but only 30th in population, comes vividly to life in the latest in the famed Armchair Travelogue series in The Reader's Digest. Captured in color scenes like these at famed Glacier Lake and Cape Kiwanda, Oregon's continuity with the past, with the splendor of an unspoiled America, will offer the reader renewed hope and confidence.
