Talented Skiers Place in Meets

By LORRANIE BALL

IONE—Jackie Howton, daughter of Lloyd Howton, Ione, an ardent water skier, has been bringing home numerous trophies the past few weeks, to the delight of her friends and family.

Earlier this month she competed at Kennewick, Wn., in the Northwest Ski Association meet, winning trophies for first place in the girl's jump and third place in the girl's tricks. At the recent meet of the Sea Fair at Green Lake, Seattle, she won first place trophy in girl's tricks and second place for girl's jump. Just prior, she won second place in the girl's jump and third place in girl's tricks at a meet on Lake Stevens, also at Seattle.

Jackie's brother, Jim, has also begun competition in the men's division. At Green Lake he made a jump of over 100 feet. At the NW Ski Association meet in Kennewick he had three jumps over 100 feet. Competition was rather rough, as several Canadian champs were also competing at the various meets. Tom Heimbigner, son of Mr. and Mrs. Ray Heimbigner, Ione, won the first place men's jump, jumping 120 feet at the NW Ski Assoc. meet at Kennewick recently.

Mr. and Mrs. Jeri Ripka and Gary of Salem visited over the week-end with her parents, Mr. and Mrs. Harold Sherer.

Mr. and Mrs. Don Peterson and family spent the week-end at the river.

Mr. and Mrs. Keith Rea and family spent several days vacationing at Lehman Springs. Gordon White was in Portland to visit Maravene White and to return her home from the hospital.

Mr. and Mrs. Steve Loy and family were visitors at the home of her brother and family, Mr. and Mrs. Donald Ball. Marsha Ball accompanied her aunt and uncle to Wallowa where they enjoyed riding horses into the higher lake for some good fishing. The Loy's were overnight guests at the home of her parents, the Lewis Balls, of Heppner.

Mr. and Mrs. Bill Nichols and

family were week-end guests of Mr. and Mrs. George Irvin of Hood River.

Mr. and Mrs. Wayne Ball and family enjoyed a week-end of leisure and fishing at Granite. Accompanying his sister and family was Ricky Pettyjohn of Lexington.

The annual Willows Grange Picnic held at the Ione City Park was well attended by all. There were several guests.

Art Stefani, Jr., underwent major surgery at the Walla Walla hospital recently.

PTA Councils Host Pendleton Information Day

Umatilla-Morrow County Council of PTA's will host an all day school of information September 4 for the seven PTA councils covering Eastern Oregon. PTA people from Union, Wallowa, Midland, Wasco and Hood River councils, as well as Umatilla-Morrow, will attend the sessions at the Vert Club Room, Pendleton, which will begin with 9:00 a.m. registration.

Mrs. A. L. Hendricks, field representative of the National PTA, will be assisted by Oregon PTA leaders. The forenoon will be devoted to the basics of PTA and leadership training.

Traveling with Mrs. Hendricks will be Mrs. Arthur Farr, Oregon PTA president; Mrs. Edward Freuderberg, Joseph, vice-president of region VII; Mrs. Dwight Macy, Culver, vice-president of region IX; state chairmen living in the area being covered, and council presidents.

Mrs. George Rees, Umatilla-Morrow council president, is in charge of local arrangements. A no-host luncheon will be served at Helen McCune Junior High school at a nominal charge. The afternoon session will continue at the luncheon site.

Mrs. Hendricks will detail the two programs which have been given the top priority by PTA organizations across the nation—Childrens Emotional Health and the Smoking and Health Project. Final topic before adjournment at 3:00 p.m. will be a Smorgasbord with Mrs. Hendricks as panel moderator. Area and state officers will then make a presentation of duties of officers and chairmen.

In calling attention to the PTA background of Mrs. Hendricks, Mrs. Rees said, "The knowledge Mrs. Hendricks can offer in the field of PTA will be invaluable to every PTA worker, from unit president to room representatives, and school administrators will find her cognizance of home-school communication and cooperation most important."

THE MODERN WAY TO HEAT

One of these ELECTRIC HEATING methods is best for you

Baseboard units simple to install. Ideal for re-modeling or new homes. There's no fuss or bother when you install Electric Heat. The job is done quickly and economically. That's because there are no expensive chimneys or duct work. Baseboard and wall units are ideal when you remodel. They can be installed as easily and quickly as a light outlet—no mess, no bother.

Most importantly, you'll be treating your family to a new level of comfort and convenience. The temperature is controlled in each individual room. Electric Heat is as quiet and as safe as a light bulb; no flames or fumes to worry about; no smoke or soot to dirty your home.

Ceiling cable system is invisible. Ceiling cable makes decorating and furniture arrangements easier because all the heating elements are

hidden in the ceiling. Furniture can be placed anywhere because floor or wall space isn't needed for the heating units. Ceiling cables are stapled to plaster laths or dryboard and then covered by plaster or dryboard. The heat radiates down... just like the sun shining from above.

Thermostats control the temperature in each room so you always have the most comfortable degree of warmth. Ceiling cable is safe, clean and the most convenient way to heat your home.

Many folks install it in the bathroom. Feels wonderfully warm and cozy to barefeet on wintry nights!

Heat pump for year-around climate control

A heat pump is both a heating and air conditioning system. During the

to operate than other separate heating and air conditioning systems, too.

Plug in extra warmth with an electric heater

Portable electric heaters are great when you want to heat small areas in a hurry or provide extra warmth on special occasions. Many folks use them in work shops or in basement areas.

They're particularly welcomed on cold mornings to "take the chill" out of the bathroom. Senior citizens find them wonderful to give a little extra heat for their added comfort.

Regardless of which Electric Heating system you choose, you can be sure your family has the most modern, most comfortable heating method available. It'll give you new peace-of-mind because Electric Heat is so safe. And it's dependable and economical because of low-cost rural electric power.

Whether you build or re-model, discuss your plans with the Heating Specialists at your rural electric cooperative. They have experience and ideas because they've helped so many families with problems just like yours. Proper planning of a few details, such as installing adequate insulation, will make a big difference that can save you money and make your home even more comfortable.

There's no cost or obligation. Call or visit your rural electric cooperative soon!

winter, it heats your home; in the summer, the cycle is reversed and your home is cooled. This gives you real "climate-controlled" living. You merely set the thermostat for the "climate" you want and relax to enjoy all the comforts of total-electric living.

Installation is slightly more expensive than other heating systems but much less than the cost of two separate systems for heating and air conditioning. A heat pump costs less
