**CHANNEL  
MASTER**

SOLID STATE, DUAL SPEAKER  
FM/AM TABLE RADIO

Two dynamic 4-inch speakers in a magnificent, furniture-finish wood cabinet. How else could you get the kind of rich, exquisite FM sound this Channel Master radio puts out. The solid wood adds resonance to the music, of course. Automatic Frequency Control tunes in FM signals precisely, locks in the station. While Channel Master's advanced know-how with solid state circuitry keeps the performance trouble-free. A great buy. Model 6268.

If this radio proves defective within 120 days, we will repair it, free of charge.
