

60 Years Together And Still Smiling!

For 60 years Charlie and Marvel Jones have lived in the house up Shobe Creek. They went to live there after they were married Nov. 14, 1909 at the home of her parents, Mr. and Mrs. Charles Miller at Eightmile.

They were honored on their 60th Wedding Anniversary on Nov. 9 with a reception at the home of their son and daughter-in-law, Mr. and Mrs. Marcel Jones hosted by their three sons, Mr. and Mrs. Marcel Jones, Mr. and Mrs. Floyd Jones and Judge and Mrs. Paul Jones. Grandchildren serving the punch and cake were Mrs. Jon Blake, Mrs. Leonard Petersen, Mrs. Gary Jones and Mrs. Ronald Jones. Their husbands also acted as hosts. The three daughters of Mr. and Mrs. Jones were unable to attend.

Guests that weekend at the home of Judge and Mrs. Jones were their three children, Mr. and Mrs. Gary Jones, Holly and Guy of Hood River, Mr. and Mrs. John Blake of Renton, Wn., and Ray Jones who is attending BMCC. Their niece and family, Mr. and Mrs. Leonard Petersen, Lenette and Randy of Estacada were also guests at the Paul Jones home that weekend.

Charlie Jones was born in Clifton, N. C., on April 7, 1882 and came to Oregon looking for work in 1902.

Marvel Miller was born in Ashland on Sept. 5, 1889, daughter of Mr. and Mrs. Charles Miller. Her father was among the first white children born in Oregon. They met at Eightmile.

All six of their children were born in the little white house on Shobe Creek. Paul, who is now County Judge and is associated in ranching with his brother Marcel, Floyd, who ranches on Hinton Creek and three daughters, Mrs. Norkan (Vallis) Washburn of Springfield, Mrs. Charles (Lois) Graybeal of Ukiah, Calif., and Loma Mae Jones of Indianapolis. She is director of the National Office of United Christian Missionary Society. They have 16 grandchildren and 10 great grandchildren. There has been a son or daughter or grandson or granddaughter in the Heppner school system continuously from Sept. 1917 to June 1969.

They first rented their ranch land, later bought. They have 720 acres. Things have changed at the ranch. Mrs. Jones' sense of humor prevails as she laughs about the pitcher pump freezing every winter. Before the pitcher pump they carried water from the wash house a short distance from the house. The water was heated in the reservoir of the old Home Comfort wood range. They always had 5 or 6 cows and 200 chickens.

They built the house over in 1944. While they had their own power plant the highline didn't come in until 1947.

They recall that Heppner had 10 saloons in those early days counting the brewery. There were board sidewalks and the streets were dusty or muddy.

Farming
Mr. Jones used horses in his operations until 1938 when he replaced his 45 head of horses with a new tractor. Mrs. Jones said that was a proud as well as a sad day. Sad because that was the day they auctioned off the horses. She says if she had a hobby it would be horses and dogs. She likes animals and enjoys watching Lassie.

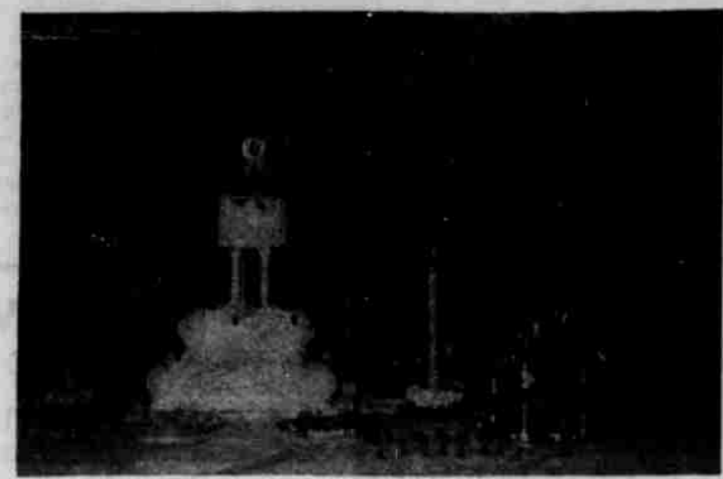

A team of 9 horses pulled the 2-bottom plow now 2 D-6 tractors do the work.

They joined the Christian Church in 1914. They had belonged to South Methodist before that. Their family has always been active in the church.

The first school their children attended was the old building on the hill between the present elementary school and the hospital. Mr. Jones served on the school board for 10 years and

was a longtime director of the now Morrow County Grain Growers earlier known as the Heppner Elevator Co. Mrs. Jones taught Sunday School for years at the church and was treasurer for the Christian Women's Fellowship for a long time.

Traveling
They have made four trips back to North Carolina, 3 of them driving and one by plane. They drove with members of their family to Toronto for a Christian Church Convention. They enjoyed a flight to Hawaii for the Farmers Union.

Good Cook
When asked if she had a favorite recipe of all her family, Mrs. Jones said she thought of her White Cake recipe but actually all of her family doesn't claim it as a favorite. Even so they are begging her to make it for Thanksgiving this week. She usually makes it for Christmas, too. She makes it not only from scratch but because she learned to make it before the time of electric beaters she stirs it by hand! She took it to the county fair only once and got a blue ribbon for it. She has made it over a little but she got the original at a cooking school held in what is now the dining room of the hotel from Mrs. Claude Gray's sister-in-law's mother, Mrs. Humphreys!

DOT'S JOTS

This year our No. 2 grandson's
birthday falls on Thanksgiving.
This week he will be 7 years
old. He says the funniest things
and yet is so serious. One time
he told his Sunday School teach-
er that he wouldn't have to fin-
ish his Father's day gift be-
cause his dad was in jail! Then
last summer after listening to
one of the AMA non-smoking
commercials, he said, "Yes Sir
that smoking is pretty bad but
it's only next to the worst". His
Dad said, "Well Gard, if smok-
ing is only next to the worst...
what's worse? His answer—
"Picking your nose"! Some folks
will agree with him!

Small World

Had a delightful time talk-
ing to Charlie and Marvel Jones
on being married 60 years. In
the course of the conversation
it came out that her family liv-
ed in Albany at the same time
my mother's family arrived
there in 1902. My mother was
a McClain and there were a lot
of them. She had 8 brothers and
two sisters and then two Mc-
Clain uncles and their families
came out from Nebraska at the
same time. Mrs. Jones was then
Marvel Miller. She says she re-
members her folks talking about
the McClains. I'm hoping my
Aunt Peggy, the only one liv-
ing in my mom's generation,
will remember the Millers. She
gets the Gazette-Times and I'm
hoping will read this.

HAPPY THANKSGIVING EV-
ERYONE!

The traditional Thanksgiving Turkey carved by Father
and served in bountiful abundance with all the trimmings
