It's Trading Time In Lexington!

Now's the time to trade up to the finest Combine on the market.

THE IHC 403

4 way or 2 way Levelers

Big Power

Matchless comfort and convenience

403 HILLSIDE

EXCLUSIVE FULL-LEVELING SAVES GRAIN

UP, DOWN, OR ACROSS SLOPES

Exclusive fore-and-aft and side-to-side leveling gives the McCormick® International® 403 sure-footed traction... easier, more precise handling... more efficient separating. Independent hydraulic pump system for each leveling unit, and for platform and power steering assures fast response. Open design of frame construction for rear axle prevents buildup of straw and chaff.

Choice of 16½ or 18½-ft platform. Extended cylinder gives full-width threshing and bigger separating capacity. You put more and cleaner grain into the 65-bushel tank.
