### Fire Schools Planned Soon

Fire Chief Forrie Burkenbine announces that a Fire School will be held at 7:30 p.m., Monday, Apr. 27th at Ione Fire Station. Stan Phillips, deputy state fire marshal, will present a fire training class on fire behavior and principles of extinguishment. Lexington, Ione and Heppner Fire Departments are participating. Anyone interested is invited to attend.

The same program will be presented Tuesday, Apr. 28th at the Boardman Fire Station by Mr. Phillips.

### Do You Like Burlesque Shows?

If you do, you must have been enjoying the courtroom performances in the Manson and Chicago cases. They are not top quality burlesque and if they were appearing on a public stage the doors would have been closed on them long ago. They are a regrettable travesty on the dignity of our judicial system. They do nothing to engender laymen respect for our courts. If our society is held together by "nuts and bolts," some of "nuts" are getting loose.

### Canada Weekend Exciting for 4-H'ers

Thirty-two young people from Gilliam and Wheeler Counties, all 4-H club members, spent last week end in Canada with families of Canadian 4-H members.

The group left Arlington on April 16 and the first food stop was at Othello where they had a picnic in the city park, then drove on to Coulee City where they spent the night. The next morning they cooked a cowboy breakfast in the Coulee City park and toured Grand Coulee Dam and went sightseeing. After lunch in Omak they went on to Osoyoos, B. C. and met their host families.

Scattered over a 100 mile area the 4-Hers spent Friday evening and Saturday with their Canadian friends and that evening attended community activities.

Saturday was spent in doing chores, riding and working cattle with the host families. Some homes had no electricity or running water. Other homes were very modern with landscaped yards. One member stayed with an Indian chief and his family in a very modern home. There were six daughters and no sons in this family. On some of the ranches Herefords or Angus cattle were raised with 700 to 1500 head.

The group left Osoyoos at 8:00 Sunday morning and arrived back in Arlington that evening.

It is planned that the Gilliam Wheeler 4-H members who made the trip this year will be hosts to the Canadian 4-Hers next year in an exchange program.

Chaperoning the young people and enjoying the trip with them were Mr. and Mrs. Don Linnell of Ione, Mr. and Mrs. Alva Hunt of Fossil, Wheeler County Extension Agent Ken Killingsworth and Mrs. Killingsworth and 4-H Agent for Gilliam and Wheeler Counties Ron Mobley and Mrs. Mobley.

### Girl Staters Report To Soroptimists

Soroptimists heard Girls State report at their April 9 meeting.

Debbie Warren and Sandy Matheny, Heppner High School 1969 Girls State delegates, gave an account of their week of government on the Willamette campus last summer. Delegates to Girls State, sponsored by the American Legion Auxiliary, are sent on a quota ratio of members in the local unit. Expenses of Heppner's two delegates are shared by the Legion Auxiliary and Soroptimists.

Sandy was elected state senator. Government is set up on a city, county and state basis. The girls are divided into two political parties. There are 2 cities in each county.

The counties take turns in flag raising and lowering ceremonies. Singing is a big thing as they sing on the way to meetings, at meals and they sang on the steps with Gov. McCall who, they said, has a fine voice.

They had a picnic and a tour of historic Bush House. After their talk, Sandy ac-

companied the group as they practised songs for the regional conference in Yakima this month.

Plans were started for the Senior Tea May 17 at the home of Mrs. Wavel Wilkinson. Mrs. Glenn Smith is general chairman. The tea will follow the class colors of purple and white and theme "Time For Us". Each member will bring 2 doz. cookies.

Senior guests were Linda Eckman, Trisha Keithley, Sandy Matheny and Debby Warren.

### Ruby Awarded Scholarship

Ruby Fulleton was recently awarded a scholarship from Happy Canyon for the second time. The award, for Blue Mountain Community College, is based on her rodeo ability as well as scholarship. She has been doing real well in college rodeo competition.

## Let's get rid of Smokey the Bear

He'd love to go back and be a normal old bear again. And if anyone deserves retirement, Smokey does.

Since he's been wagging fingers, the number of forest fires in America has been cut in half. But millions of acres of trees still burned down last year.

And 90% of the fires were started by the same people who have been hearing "Only you can prevent forest fires" for 26 years.

We've got to get rid of all those deaf yahoos before we think about putting Smokey out to peaceful pastures.
