IRRIGON NEWS

(Held over from last week)

IRRIGON—The Women's Missionary Council of the Irrigon Assembly of God Church attended the WMC rally and potluck dinner at the Hermiston Assembly Church on April 28. Mrs. John Kenney of Irrigon, who is the Sectional Representative was in charge of the meeting.

Little Paula Cristine, who was born April 3 this year. Patricia Stephens spent Saturday and Sunday at the home of her grandparents, Mr. and Mrs. Leon Bentley. Of special interest is the 5 year old silver Toy poodle who recently gave birth to 8 pups. They have attracted many visitors to the home of Mr. and Mrs. Leon Bentley.

Mr. and Mrs. Dale Rodgers, Buddy and Paula of Cheney, Wash. visited her parents, Mr. and Mrs. Charles E. Wilson on May 2, 3. This was the first visit to her grandparents home for

39 ☐ JOHN SMETS, (Clackamas County), "Defeated levies. Spiraling taxes. Public fed up. Reduce budgets now."	

MARK A CROSS (X) OR A CHECK MARK (✓) IN THE VOTING SQUARE AFTER THE WORD "YES" OR AFTER THE WORD "NO"

MEASURES	
REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY	
1. CAPITAL CONSTRUCTION BONDS FOR STATE GOVERNMENT—Purpose: Constitutional Amendment authorizing issuance of general obligation bonds not to exceed at any one time one-fourth of 1% true cash value of all taxable property. The bond revenues are to finance the cost of building and other state government projects, and to be repaid from gifts, rentals, parking and other building fees. The legislature, however, may impose a property tax if such gifts, rentals and fees are insufficient to pay indebtedness.	YES ☐ NO ☐
ESTIMATE OF FINANCIAL EFFECTS: This amendment would provide an additional borrowing method to finance self-liquidating and self-supporting general state buildings and other projects. Based on the estimate of 1971 true cash value, the maximum amount of bonds which the legislature could authorize would be approximately \$50 million. This amendment would make it possible for the state to reduce interest annual rates at which it borrows money by more than 2%—a possible saving of approximately \$1 million a year.	
2. REPEALS "WHITE FOREIGNER" SECTION OF CONSTITUTION—Purpose: Repeals Section 31 of Article I of Oregon Constitution which discriminates against non-white foreigners and purports to give the state of Oregon authority to regulate immigration. The purpose of this measure is to eliminate from the Oregon Constitution a provision which is invalid because it conflicts with the U. S. Constitution.	YES ☐ NO ☐
3. REVISED CONSTITUTION FOR OREGON—Purpose: Provides for a new and revised Oregon Constitution. Deletes obsolete provisions and makes changes including but not limited to: increases membership of both houses of Legislature by 5; expands right to counsel for indigents; exempts from 6% limitation first annual levy of a newly created taxing unit; prohibits state from selling or giving away state owned ocean shore.	YES ☐ NO ☐
4. POLLUTION CONTROL BONDS—Purpose: Authorizes bonds up to 1% of true cash value of taxable property in state to provide funds to municipal corporations, cities, counties and agencies to construct facilities for control of state, or combinations thereof, to construct facilities for control of pollution on land, in air and water of state, such facilities to be at least 70% self-supporting and self-liquidating from revenues, gifts, federal grants, user charges, assessments and fees. Supersedes conflicting charter requirements.	YES ☐ NO ☐
ESTIMATE OF FINANCIAL EFFECTS: This amendment would allow the state to sell bonds to establish a fund from which loans, advances or grants could be made to local governments to finance pollution abatement and control facilities. Based on the 1971 estimate of Oregon's taxable property, a maximum of \$200 million of bonds could be authorized by the Legislature. The 1969 Legislative Session has authorized up to \$50 million of the total limit established by this measure. Average principal of the total limit would be approximately \$4 million a year. It is over 30 years would be approximately \$4 million a year. It is intended that (a maximum of) only 30% (\$1.2 million a year) of this total cost would be a charge against the state and of at least 70% (\$2.8 million a year) of the cost of paying off the bonds would be a charge against local governments which constructed the facilities. The local portion of bond repayments would be financed from federal grants and user fees and assessments—not from property taxes. This amendment would make it possible for the state to lend its superior credit rating to local governments so that local governments would gain the advantage of lower interest rates.	
5. LOWERS OREGON VOTING AGE TO 19—Purpose: Amends Oregon Constitution to lower the legal voting age from 21 to 19 years of age.	YES ☐ NO ☐
6. LOCAL SCHOOL PROPERTY TAX EQUALIZATION MEASURE—Purpose: Amends Oregon Constitution by providing for an exception to 6% limitation on property taxes. Authorizes legislature to increase tax bases for taxing units (such as a county), but requires that the proceeds from the higher tax must be used to reduce tax levies made by school districts. The purpose of this measure is to provide the legislature more flexibility in equalizing school property tax burdens within a county or other taxing units.	YES ☐ NO ☐
