**Erickson-Bowman Rites Read In North Dakota**

Biss Bowman is the daughter of Mrs. Betty Bowman of Rhame, N. D., and Lt. Erickson is the son of Mrs. Lyla Erickson of Kindred, N. D.

The young couple was married June 6 at 7 p.m. at the Bowman United Methodist Church at Bowman, N. D., with the Rev. Arthur Scanson reading the ceremony. The church was decorated with baskets of daisies and baby breath for the candle light ceremony.

Lynn was given in marriage by her brother, Dick Bowman. She wore a white silk organza wedding dress with Venice lace and organza ruching trim. It was fashioned Empire style with the long train accented with satin trim. The bouffant veil was held by a high toque hat trimmed in seed pearl and white satin—a gift of the bridegroom.

Maid of honor was Maxine Fiedler of Cavalier, N. D., and bridesmaids were Julie Bowman and Jeannie Bowman, sisters of the bride and Mrs. Loren Haugen of Williston, N. D. Flower girl was Ramona Brown.

The things that make a watch tick are the things that make a watch run wrong. Like its balance wheel. And mainspring and hairspring. So those things have been left out of the Accutron® timepiece. They've been replaced by a tiny tuning fork that hums. The tuning fork splits a second into more parts than the balance wheel movement ever dreamed of. 360 parts, to be exact. (The best a ticking watch can do is 5 or 10.) It's the tuning fork's uncanny precision that makes Accutron the most accurate timepiece you can wear. We're able to guarantee Accutron accuracy to within one minute a month. That's 2 seconds a day. And many owners say they're off only 1 second—or none at all. With accuracy like that, a watch has no business ticking when it could be humming. Accutron timepieces start at \$110.00.
