bers provided tossed salads, garlic bread and gallons and gallons of punch. Louis Carlson, the honored guest, was presented with a desk pen with a sheaf of wheat in the center. Special guests were a couple from India and an IFYE student from Japan.

Straight talk about saving money.

And why you should do it at First National Bank.

A little money earns a lot of interest.

Let's say you have \$500. Maybe a little more. And you've decided to put it away so you'll have extra cash on hand in case you need it. For an emergency. Or for something special.

At First National Bank of Oregon, you'll find three different ways to earn big interest on your minimum opening deposit of only \$500.

There's our Two-Year Certificate of Deposit. It pays a full 5 3/4 %! Or, buy a One-Year Certificate and earn 5 1/2 %. With both, your interest will be paid by check or credited directly to your account quarterly. You won't find higher interest rates than these at any commercial bank. And, at many other savings institutions, your \$500 minimum deposit would earn much less!

If you're looking for flexibility as well as high interest on your savings, you'll like our 90-Day Passbook Time Account. Your \$500 deposit earns a healthy 5%, compounded and credited to your account quarterly. And you can add \$50 or more to your account at any time. After 90 days, you can withdraw your money within 10 days after the close of any calendar quarter. Or with a 90-day written notice.

What else do you get when you save at First National besides high interest rates? **Much more!**

Complete bank service and highest personal interest.

We're the biggest bank in the state. Which means that, when you save at First, you won't have to trudge all over town, with a savings account in one place, a checking account in another, a loan application somewhere else. We have every type of banking service you'll ever need!

We have more people, too. Friendly people who greet you with a smile. And work to give you the kind of fast, efficient service you're looking for.

A place to save, no matter where you are!

Another nice thing about being Oregon's largest bank: we have more than 100 offices throughout the state.

So, no matter where you live or where you travel, you'll always know there's a First National office nearby.

If you're thinking about saving a little money, drop by the First National office in your neighborhood. You'll find all kinds of programs to choose from. The highest interest rates available at any commercial bank. And a bankful of people ready to help.

Stop in soon.

We'd like to get to know you.
