DO - IT - YOURSELF project is the circle here at Lindstrom Brothers ranch north of Ione. Last winter the ole editor entered a big building on the ranch, was greeted with all kinds of noises -whizzes, whirs, buzzes and other kinds of sounds coming from a host of different machines. Boy and Art graciously quieted things down awhile and talked about their project — one of many. They had a big pipe in which holes were being drilled, with it as they drove down the among other things. This was to become the main section of the irrigation circle shown above in a field of beans on the Lindstrom place. It was quite a difficult project and presented the boys at the ranch with a real challenge. Success of the experiment is in the doing as is easily seen in the above picture by Matt Warren. Except for higher elevations a good deal of D. O. Nelson reported recently the potato harvest will be lerway very shortly. At this season of the year, Morrow Pienic is to be held Aug. 2 in Monday County is where the action is!
