Here's all you need to earn up to 5³/₄% interest.

Until now, if you wanted to earn top interest on your investment, you needed quite a chunk of money.

But not any longer.

Now, with just \$500 or more, you can invest in *three* different kinds of accounts. And earn *three* high rates of interest. All at the same time, with *one* convenient passbook! Our new *First Investors Passbook*.

You can divide your initial deposit into amounts of \$50 or more among the accounts you choose to use, and add \$50 or more whenever you wish. If you'd like to invest in all three accounts, you can put part of your

money in the Two-Year time account, and earn 5³/₄% interest. Put another part in the One-Year time account at 5¹/₂%. And put the rest in our flexible 90-Day time account. It pays 5%. If you'd rather, you can split your money between two accounts. Or put it all in one. And your interest, computed from day of deposit, can be transferred quarterly into your checking or savings account.

First Investors Passbook. It's the first way to earn a lot of interest without a lot of money.

We'd like to get to know you.
