INEZ MEADOR listens to Thomas Owen, demonstrator for "This Atomic World" program, presented at the Elementary School.

## New 4-H Image Told Leaders at Dinner

Lois Redman, OSU State Extension Specialist in 4-H and Youth Development, guest speaker at the Morrow County Leaders Banquet stressed the needs for a total expanded 4-H youth program designed to meet the needs of all youth.

She briefly outlined the many changes and improvements that have occurred in the long history of 4-H.

"Four-H today has opportunity for all 9 to 19 years old, both those whose interest is only to be a member and participate in group activities and those who like competition. Many new ideas and club projects are available in 4-H work. The old image of 4-H as a rural youth group is rapidly disappearing as 4-H moves to the urban areas with clubs and projects suited to the interests of all. Miss Redman told her audience.

The Leaders Banquet is an annual event in Morrow County to honor volunteer leaders. Individual years of leadership vary from one to 26 years' service.

Mistress of ceremonies was Darlene Warren, vice president of the Empire Builders. Members of the Empire Builders group who prepared and served the dinner were introduced by Dee Pettyjohn, president.

Leaders honored were from all areas in Morrow County. Guests from Pendleton were Sally Bay, Area County Extension Agent, and Celia Currin, feature

## Note From Lucille Parrish

Lucille Parrish writes from Seattle that she likes it fine but after 50 years in Morrow County it is an adjustment!

Along with her new home she also has a new daughter-in-law. The young couple flew to Reno for a short honeymoon. The new bride, the former Jean Hoffman, has attended the University three years and was a Lt. in the Army Nurses' Corps in Japan.

She mentions her sadness at the passing of Dr. McMurdo and recalled that the first time he took care of her was at Hardman when she was only eight years old.

## School Lunch Menus

Presented Through Courtesy of Heppner Branch

## LETTERS TO THE EDITOR

Sarpsborg, Oct. 3, 1970  
Dear friend(s):

First of all, thank you very much for your letter since I wrote you last time, this spring I have heard from 23% (percent), but I still hope to hear from the others too. My address is just the same as this spring. You who answered me, I'm sorry that I haven't answered you before, but till now it is thoughts. For sure, I have had you in mind very often all of you. Last summer was marvelous.

This summer has been good too, and very much has happened here. How are things going "over there"? I'm curious to hear from you again. I have been reading quite a bit about the states during the summer, but less local news. And I have heard from all three of the Norwegian IFYEs in the states now! (We have four, but I have had letters from three, that's more correct). They will be back in Oslo the first week of November. They don't take the opportunity to use the Christmas ship back. They started the program earlier this spring, then we did last year.

Here I have met the American IFYEs quite a few times. After meeting them at the airport in April we spent a week together in the middle of Sweden first of July. It was a great time, 130 from the most of Europe. Nine from the European group last year were there. The next year the conference is in Holland. Maybe it will be my first visit back there. It will be fine to take a look at the tulips there.

While staying in Sweden, I heard that Sharon from Albany, Oregon had picked up a little of my dialect. She spent the first one and a half month up in my home district. The first of August I met the Americans, and then one week on the country camp in the South of Norway. Then they spoke Norwegian rather good. It was almost 600 4-H members taking part in the camp in the best weather we could wish. My working-district had the largest group, 110 from here.

The last seven weeks my district here have had the pleasure to host the Oregon-IFYE. She is ending her third family here, and at the same time the last family during her stay in Norway. She is such a good ambassador, and we all love her. The seven weeks have been as some seconds. Sharon will end her stay here with a soccer-match in Oslo tomorrow. My hometown will play against an Oslo team in the Norwegian cup. The winner will be able to play the final. I'm sure that I will meet lots of friends from home on the field. If my home-club win, I for sure will go to Oslo again for the final.

During the summer I have had lots to do in the district visiting clubs. I spent one week with my family after the Conference in Sweden. Here and now, I have just started the fair in the clubs. Everyone have their "autumn-fair", and I spend one afternoon in each club judging the projects. In the evening they have the clubs have program for the people in the community.

In a month we will have the beginning of the winter. Now we have a fine autumn. The leavtrees have their autumn color on. Last time I saw it, was in Indiana.

The end of the paper soon!! In order to much with a few words and very early: Happy Halloween, Happy Thanksgiving, Merry Christmas and a Happy New Year and as the last, Happy Valentines Day.

My best greetings from me and my family. Please do keep in touch with Sarpsborg. P.S. Sharon, a very Norwegian

American, brings this letter over to the states. She is speaking Norwegian very well. My address—Amund Kvan, Box 190, IFOL Sarpsborg, Norway.

(This letter was written by the 1969 IFYE student from Norway who stayed in 1969 with the Norm Nelson family. Amund is now a 4-H Agent in Norway.)

**TO THE EDITOR**  
Why not give credit where credit is due? I'm talking to the townspeople of Heppner and how they backed their team. They have not only backed the Mustangs in a winning season but also when the Mustangs have been on the short end of the scoreboard. Have you noticed that any of the games the Mustangs have played, Heppners has had the best representation of any team.

How many other towns followed their team like Heppner does? Sure, a town will support their team in a winning season, but Heppner is backed even if they aren't winning. It has been a long time since the Mustangs have been a winner in football but if you go by the number of people that attend our games, we are always winners.

Even before the league change, the Mustangs were just as well represented as the big schools such as Madras. When Heppner is traveling, look at all of the people that are from Heppner. The fans are just great. This year we have won both on the field and in the stands.

The Team of Heppner High would like to thank you.

**Dear Editors:**  
Friendship ain't just shakin' hands and sayin' "Howdy do". Friendship grips a feller's heart and warms him through and through.

And don't I know? During my recent siege (shall I call it?) didn't I find this out? Old and dear friends far and wide sent cards and letters. And my beloved relatives, Phil and Hazel Mahoney, wrote and came to see me twice; letters from my sisters, Kathleen Mahoney Mather, and Patricia Mahoney Beaver, in California. And I even had a birthday binge here with cards, a birthday cake, plant and an orchid. Who could ask more?

I walk outside twice a day for several blocks.

Sincerely  
Josephine Mahoney Baker  
P.S. Anabel Allison and Mary White, formerly of Heppner are staunch friends. They called on me every Friday evening and brought me home.

## Bormans Here

Mr. and Mrs. Floyd Borman of Yakima were in Heppner on business Thursday. Mrs. Borman likes her new job with Penneys at Yakima. She said it is like learning a foreign language going into the bigger store and to learn the Washington Sales Tax. They get their Gazette-Times Thursday.

**Mr. and Mrs. Harry Terwilliger** of Prineville were here last week to visit her mother, Mrs. Ola Ruggles. They also visited Mr. and Mrs. Charles Ruggles before they left for vacation in Arizona.

## AEC Program At Heppner Elementary

An assembly was held at the Elementary School Gym on Nov. 6 featuring a program entitled "This Atomic World." The program is sponsored by the United States Atomic Energy Commission and is presented by the University of Oregon in cooperation with Oak Ridge Associated Universities.

Traveling exhibits units, such as this one, visit hundreds of high schools throughout the United States each year.

"This Atomic World" is concerned with the basic principles of atomic energy and its beneficial applications. The role of the atom in agriculture, industry, and medicine were explained. In addition, the growing importance of atomic research was stressed.

The program was presented by Mr. Thomas Owen, who holds bachelor and master's degrees in science from Oregon State University. He has received special training in nuclear science at Oak Ridge, Tenn., the world-famous atomic research center.

## Burwells Welcome A Son

Anthony Devin is the new baby at the home of Pastor and Mrs. Don Burwell. He was born Oct. 14 in Lebanon and weighed 8 lb., 6 oz. The Burwells have a daughter, Cindy, who is 2 years old.

Grandparents are Mr. and Mrs. J. W. Hamilton of Ashland and Mr. and Mrs. Harry Burwell of Long Beach, Calif. Great grandparents are Mr. and Mrs. Oscar Marlar of Burnsville, Miss., Mrs. J. D. Hamilton of Durant, Miss., and Mrs. Inez Leathers of Minneapolis, Minn.

## FOODS CLUB LEADERS

By BIRDINE TULLIS  
Home Extension Aide

All 4-H Foods Club leaders are reminded by Birdine Tullis, Home Extension Aide of training by Lynn Reese, Union County Extension Agent, at the Lexington School on Nov. 18, 9:30 a.m. to 2:30 p.m.

Wheeler and Gilliam County leaders will also attend. Plan to be present to get many helpful ideas for fun and learning in foods clubs.

Bring a sack lunch.

## Long Range Planning—Human Resource Sub-Committee Meeting Dates

Job Opportunities—Nov. 17, 8:00 p.m.—Kennedy Home in Boardman

Foods Nutrition—Nov. 17, 8:00 p.m.—Black Home in Boardman

Senior Adults—Nov. 18, 1:30 p.m.—Vera Rietmann Home in Ione

Family Stability—Dec. 1, 1:30 p.m.—Lexington School House, Lexington

Housing—Dec. 3, 7:30 p.m.—First National Bank Conf. Room, Heppner

Youth—Dec. 9, 1:30 p.m.—Gilliam & Bisbee Conf. Room, Heppner

Chairmen of All Sub-Committees—Dec. 11, 1:30 p.m.—Gilliam & Bisbee Conf. Room, Heppner

**Other Committees Scheduled to Meet:**

Crops Production & Marketing—Nov. 23, 7:30 p.m.—Dorm at the Fairgrounds, Heppner

Education Committee—Nov. 16, 7:30 p.m.—Ione School, Ione

Anyone interested in the subjects currently being studied by each committee is invited to sit in on the meetings and present their ideas and suggestions.

## Servicemen Deserve Better

History may record a grievous error in popular U. S. understanding of the Vietnam war. According to one student of the subject, columnist Mr. Bruce Blomatt, "For hundreds of years, the Vietnamese of the Red River delta around Hanoi have been highly aggressive. They once swallowed up much of Laos and Cambodia, and it is they who colonized South Vietnam by wiping out the ancient Champa empire. . . . The big doves love to describe our fighting in Vietnam as 'genocide.' They are peculiarly mute when looking at the real genocide the North Vietnamese and the Viet Cong have visited upon thousands of South Vietnamese. They have wiped out a whole class (chiefs, teachers, etc.) of able, irreplaceable South Vietnamese leaders — real or potential. The Hanoi-VC flags are drenched in the blood of innocents, and young Americans who wave them are cruelly color-blind."

## New Educational Route

The Liberal, Kansas, Southwest Daily Times presents a brief editorial item on what might become a very large subject. It reports on the Gary, Indiana, public school system hiring a private company to run one of its problem elementary schools on a "performance contract" basis. The company refunds fees for any child it fails to bring up to national grade level norms. The Times comments that Gary is believed to be the first city to turn over the entire operations of a school to a business concern and concludes: "This new trend (if it really is a trend) is in its infancy but it offers a fresh alternative to many communities now being racked by acrimonious battles over school budgets and bitter charges about shortcomings and waste in educational systems."

A major pharmaceutical company will soon be selling a computer system that doctors could use for quick diagnosis of kids' ailments, reports the Public Service Company of Colorado. The doctor would simply telephone the computer from office or hospital, list the symptoms by code number, and in a flash the computer would report back what the problem is. Just to help out, the computer will also alert the physicians to other symptoms to look for. But, it won't take temperatures, prescribe medicine or reassure anxious mothers.

"Did You Know?", asks Commerce magazine, "It took 60 years and 11 presidents before the federal government spent \$1 billion in a single year. Now this prodigious feat is accomplished in just two days."

You can become the possessor of an American flag that has been flown over the U. S. Capitol. According to The Elks Magazine, "All you have to do is write to your congressman for this favor, enclosing \$315 for a 3 x 5 flag, or \$6.00 for a 5 x 8." Congressmen report a growing demand from persons who have learned about this.

## oneer Ponderings

By W. S. CAVERHILL

## THE SEASON FOR THEM

Each hunting season brings out the "best stories" from "stall-fed" liars and "short-winged" bar flies. This year is no exception. A local nimrod who excused his failure. "I centered a running buck and emptied my magazine but my bullets couldn't catch up with him." Another luckless hunter explained "I took a dozen shots at a standing buck, and he just stood there and dodged 'em." Even a better one, I think, was the elk hunter who rode a wounded bull out of a deep canyon and cut its throat beside his car. He said the animal was headed that way anyhow. "I was just lucky."

## Gary Kemp Graduates

Army Private Gary L. Kemp, son of Mr. and Mrs. Stanley M. Kemp, Route 2, Heppner, recently completed a basic army administration course at Ft. Ord, Calif.

The course trains students as general clerks, clerk-typists, and personnel specialists. They receive instruction in typing, filing, English, grammar, preparation of correspondence, and in the recording and use of Army personnel records.

Private Kemp entered the Army in November, 1969 and completed basic training at Ft. Lewis.

The 19-year-old soldier is a 1969 graduate of Heppner High School.

### TRAIL RIDERS MEET

The Ione Trail Riders met at the Ione School Cafeteria. We elected new officers: President, Lauretta Plinning; vice president, Dawn Peterson; secretary-treasurer, Melanie Ball; news reporter, Rene Flack. New members are Debra Palmer, Debbie Patten. We discussed plans for the future. Christine Lindstrom and Melanie Ball led the pledges. We have 10 members.

Rene Flack, reporter
