Yes, we have just that. Columbia Basin Electric Cooperative, Inc. will install a MERCURY LUMINAIRE light at no installation cost to you. Come to our office, sign up, and pay a flat rate of \$3.00 per month. If there is no pole where you want the light, the Cooperative will set a pole and you pay only \$3.50 per month. This monthly charge covers electricity, and complete maintenance.

The luminaire light is controlled by a photo-electric eye and goes on and off with daylight and darkness.

Happiness if the friendly warmth of a big "DUSK to DAWN" light. A wonderful, reassuring welcome to you and yours. It "guards" your property by discouraging trespassers, whether you are home or away.
