Thanksgiving Day, 1970

This is a time when it seems that most human energies are devoted to kicking or complaining. It is therefore doubly satisfying to welcome, once again, that good old traditional holiday — Thanksgiving. Giving thanks on the fourth Thursday in November always conjures up a picture of the Pilgrims and other early settlers and the legendary hardships they faced in the wilderness of North America.

Laughter is Good Medicine

Scientists have been studying the effect of laughter on human beings and have found, among other things, that laughter has a profound and instantaneous effect on virtually every important organ in the human body.

We All Need 'Em

While the following was clipped from an Extension bulletin in regard to 4-H, it is very apropos to any group whether it is Chamber of Commerce, a family, Sunday School class, service group, your family, or what have you.

- 1. PHYSICAL NEEDS. A degree of comfort is necessary before a person can accept other challenges. Leaders need to provide meetings where the member can feel comfortable physically and secure mentally. 2. SOCIAL NEEDS. A feeling of response from others is a need in all of us. The 4-H member thrives on being accepted, being wanted, sharing with others and feeling he belongs.

Thanksgiving - Coming and Going

Mr. and Mrs. C. C. Souther and Sally. Driving out from Oakgrove, will be up to spend Thanksgiving with their son-in-law and daughter, Mr. and Mrs. Al Martin. Mr. Souther brought Al up from Portland when he left the hospital last week following surgery.

Mr. and Mrs. Bob Jepsen will host a family Thanksgiving dinner at their ranch home up Keck Creek. Both of their children will be there, Bob yet in high school and Sue, freshman at Oregon State. Mrs. Jepsen's mother, Mrs. C. L. Lieualten of Pendleton will be coming over with her son and family, Dr. and Mrs. Frank Lieualten, Francine, Mark, Nancy, Di-

Thursday, Nov. 21, 1965 Making a break for freedom, a big turkey gobble took a fly at the front window in Charley's & Ben's pasture window Tuesday afternoon, with disastrous results to the plate glass. Mr. Turk went right through the heavy window and it was wrecked while the bird escaped entirely unscathed. The turkey could get up sufficient momentum to work such havoc in the short distance that he had to fly in rather remarkably, but he was a heavy bird and his weight must have had the most to do with the wreck. He rose from behind the cigar case where he had been placed with tied feet, and with a squawk was out through the window in a twinkling. The damage will be around sixty dollars.

Thursday, Nov. 21, 1965 Coon, Middle Profit, Taxation. One doesn't have to be a farmer to know that farming has been the poorest paid of all industries for some years, says the state Market agent. Operating costs have reached the sky, taxes are steadily mounting, while the prices of products paid to the farmer have not anywhere near kept pace.

Henry Ford tells the farmer he must cut the cost of production to remedy this condition, while Herbert Hoover tells him he must produce less. Either of these men know that what the farmers really need for relief is a just system of taxation, based on income — ability to pay — and powerful selling agencies to

LETTERS TO THE EDITOR

To the Editor: Since I've been writing about some of the old timers in the Little Butter Creek area I might as well mention a few more. Such as John Broeman and the Luckman-Bros. that lived above Lena. John Woodard lived at Lena then on down the creek was Percy Hughes, George Vinson, a Mr. Hinton, Mr. Collick. Below the "Pleasant Point" school was Hugh Currin, Cleve Cox, Earl Wigglesworth, R. P. Wigglesworth, Bill Howard, Vic Wigglesworth and Chas. Bartholomew.

Dear Lois and Morrow County Friends: Thank you so very much for your kindness in sending us all of those nice things. It's nice people like you that help us to better serve our Navajo friends. May God bless you as you continue to share with others that have so little. Sincerely, Mrs. Betty Brooks Monument Valley Mission & Hospital Monument Valley, Utah

BMCC Seeks Morrow History

Jim Sturgis, curator of museum at Blue Mountain Community College is anxious to have more history of Morrow County. Presently he has only pictures of the 1903 flood. He says he is sure that there is more to Morrow County than the flood. Anyone having pictures they will share are asked to take them over to Jim sometime when they are going to Pendleton. He would be delighted to show his guests through his new quarters.

Mark Tullis arrived home Saturday for a week of Thanksgiving vacation. He is attending the University of Montana at Spokane. He drove as far as Missoula Friday and stayed overnight with Tom McElligott and came on home Saturday. He is the son of Mr. and Mrs. Gary Tullis of lone.

TIME TO BACK-OFF

CHUCK WAGON

If you need extra Heppner Gazette-Times, they are available for sale at Murray's Drug here and in Condon, at Hotel Heppner, Del's Market in Lexington, at Bristow's Market in lone, at Lee's Texaco and The Complete Food Store in Irrigan, at Hick's Market in Boardman, Jenkins Grocery in Spray, Howard Mercantile in Kimberly and the Kinzua Pastime at Kinzua.

Wayne Leathers was the master of ceremonies at the Columbia Basin Electric Co-op recent meeting in Condon. It was reported time and again that he made a big hit.

PLEASE! If you have old, discarded and repairable toys, please leave them in the boxes in local stores. The Jaycees will repair them and give them to needy children for a real Merry Christmas! (Thank you, real)

There's a date change in the ASB Livestock Insemination School that was to start in Heppner Dec. 1. The dates are now to be Dec. 7-8-9-10. Call Joe Yocum for details 989-8134.

Work parties of interested folks have made a much improved ski area up at Arbutle Mountain. An all-new ski program is planned for this winter season. Plans also include a bus from Heppner every Sunday, according to Bonnie Culp.

They are hoping for skiing all through Christmas vacation for ten days if there is enough snow. Skiing is to start this year as soon as there is sufficient snow and it is expected there will be more and better skiing than ever before.

Fee for all day is still just \$2, about a third of the cost of other towns. It is the biggest skiing value we've heard of. So, please urge your friends to use and support Morrow County's very own ski area.

Beryl Stillman, 16, killed his first bull elk on the last day of the season. The five pointer was brought down while he was hunting with the Orville Cutsforth and Armand Wyland. He was hunting with his father's rifle. George doesn't care for the bolt action and this was the first elk brought down by that gun. He is considering letting Beryl have the rifle.

Ken Cutsforth returned home Nov. 18 from a flying trip to Australia. He did considerable real estate looking, doing his traveling over the big continent by plane. One area, he said, had a "drouth" of 25 inches of rainfall. Many other places, however, were drier than any bone.

He said people make a hundred dollars a week but except for food, most things are very costly. A steak — tougher than our steaks — is a \$1.50. A modest apartment will rent for \$40 a week! And they think that's

cheap. A house selling for about \$15,000 here in the States may go for \$25,000 or \$30,000 down there. He says the Aussies are very fond of American money. Ken says he didn't think he'd move down under as he feels Morrow county is much superior.

Postal Receipts Down \$1000

Postal receipts for the first quarter of fiscal year 1971, are \$1,202.77 less than for the same period last year. There has been decrease mainly in metered mail and printed stamped envelopes. Difficult to explain is the demand for lock boxes with a continuous waiting list. Prior to this year the office averaged about 15 to 20 vacancies depending upon the season.

Table with 4 columns: Items, 1st qtr. FY 1971, 1st qtr. FY 1970, and values. Includes Printed Stamped Envelopes, Stamp Sales, Meter Settings, Second Class Postage, Third Class Bulk Mail, 1st Class Permit Mail, Box Rentals, Domestic M.O. Fees, International M.O. Fees, Permit Appl. Fees, Bulk Mail Fees, Less Stamped Envelope, and Discount.

Learn to Read Amount of Fall-out

Emergency Services are providing Radiological Monitoring class on Nov. 30 at 9 a.m. for an all-day meeting at the American Legion building. Those taking the class will learn to monitor radiological instruments, which is reading the amount of fall-out in the air following an atomic explosion. This all-day course will be conducted by the Oregon State Emergency Service.

Friday, Dec. 4 — Fish sticks, whole kernel corn, potato chips, fruit, muffin squares, butter, milk.

Process Turkey Thaw

To cook uniformly, a frozen turkey should be completely thawed before it goes in the oven. During defrosting thawed parts of the bird must not go above refrigerator temperatures. This prevents spoilage bacteria from growing.

The turkey, in its original wrap, can be placed in a pan in the refrigerator to thaw. This is the slowest, but preferred method. See table below for required time. A turkey can be defrosted at room temperature in its original wrap, in a brown paper bag, or wrapped in two or three layers of newspaper. Place on a pan or tray. Thaw until turkey is pliable and neck and giblets can be removed easily, then refrigerate the turkey. Cook as soon as possible after thawing.

Table with 4 columns: Size of Turkey, In Refrigerator, Room Temp., In Cool Water. Values range from 4-8 lb to 16-18 lb and 1-1 1/2 days to 8-10 hours.

Rainbow Girls Stage Kidnap Breakfast

Early Saturday morning members of Heppner's Rainbow Girls met at the home of their mother advisor, Mrs. Hubert Wilson. From there they set out to kidnap prospective members for a breakfast. Mothers of the girls had been forewarned but not the girls. The Kidnapping started at 7 a.m. and 30 girls then enjoyed homemade hot cinnamon rolls and hot chocolate at the Wilson home.
