What have Ford Dealers got against the small-car competition?

A better small car. \$1919*

Little Pinto has bigger horsepower than the leading import... 75 standard, 100 optional. Wide track makes it stable. Rack-and-pinion steering means precision. Get into a Pinto... you'll find six inches more shoulder room, more rear knee room, too.

*Manufacturer's suggested retail price. White sidewalls, \$30; accent option, \$60. Dealer preparation charges, if any, transportation, state and local taxes not included.

A roomier little car. 4-door Maverick.

The family economy Maverick lets you bring the gang along. Seven more inches of wheelbase. Room to get in, stretch out, move around. It's still the "simple machine"... to own, drive, park.

See your Ford Dealer. Better Ideas keep us first in the West.
