The club is scheduled to hold its meetings on the first Tuesday of each month.

## Dog Alerts Irrigon Family To Fire Danger

By FRANCES ROSE WILSON

**IRRIGON**—A little dog awakened the boys at the Don Leighton home at 2 a.m. Saturday, and no wonder, the dog's bed was on fire, caused by the base board heater. The rug, drapes, one of the boys' bed and bedding were burned before the blaze was extinguished. Irrigon volunteer firemen answered the call but found Don Leighton had it pretty well under control. He received some burns doing so. The entire house was smoke damaged, and Mrs. Leighton sighed, "We just had it redecorated". The Leighton family lost a home by fire several years ago, and are thankful it wasn't worse.

### Flotilla 94 Has Installation

The Coast Guard Auxiliary, Flotilla 94, met at the school

Wednesday evening for a potluck dinner and installation of officers for the new year. Burrell Cooley was re-elected as Commander, and presented tokens of appreciation to outgoing officers. Officers installed were: vice commander, Bob Leslie; George Hash, training officer; Bob Sackler, Public Education officer; Louis Rucker, courtesy motor boat instructor; Don Adams, operation officer; Murry Collins, Publicity officer; Willis Crampton, treasurer; Karen Cooley, secretary.

A P. E. Sea Course will start Feb. 16. This is a good course for beginner boaters, to learn the basics of safe boating.

### Kdg Extended

The North Morrow County Kindergarten opened Monday, Jan. 11, with 23 pupils registered. Mrs. Bill Nelson of Board-

man is teaching. The hours are from 8:30 to 11:30 a.m. Monday through Friday. Kindergarten will be for 4½ months this year, a month longer than last year.

### Youth Committee Meets

The Youth Committee of the Long Range Planning Program met Jan. 6 in Heppner with Harold Kerr, Morrow County Extension Agent. Those attending from Irrigon were, Mrs. Vern Evans, Mrs. Orville Buchanan, Mrs. Chester Wilson, Mr. and Mrs. Pete Richards.

A number of surveys have been and are being made to determine the number of children and young people who are involved in various youth activities such as Girls' Scouts, Boy Scouts, 4-H, Church activities and other youth organizations in the county.

Mrs. Evans, chairman, reported that there were 822 students enrolled in Morrow County schools, in 1 through 12 grades. There were 322 4-H members enrolled in 1970 and more are expected to be enrolled in 1971.

An organizational meeting was held for Boy Scouts and Cub Scouts in Heppner recently, for boys from Ione as well as Heppner. They are being sponsored by the Heppner Elks Lodge. There were 40 Boy Scouts and 60 Cubs, who turned out with their parents for the meeting.

### 4-H Skiing

It was observed that Morrow County is rich in natural resources for outdoor recreation. Harold Kerr told the group about the 4-H Skiing Club of the Heppner area who ski at Arbutle Mountain on Saturdays. The ski instructors are volunteer workers. Parents cleared the ski slope, with permission from the Forest Service. They have a rope ski tow. Four-H members

buy their own equipment and charge enough dues to pay expenses.

### Irrigon Park

Mrs. Orville Buchanan presented a report on the park at Irrigon on the Columbia River. There is a boat launching area and a swimming area here. Extensive plans have been made by the Corps of Engineers to develop the park and money has been appropriated to do this. A well and underground sprinkler irrigation system will be installed. A dressing room and rest rooms were included in the plans. When it will be completed is the big question which no one has been able to answer. There was a natural park here before the pool was raised. When the park is completed it will be turned over to the local Park District to maintain. Pete

Richards was appointed to give a report on the Boardman Park at the next meeting.

### Farewell for Kenneys

A farewell dinner was given Sunday, Jan. 10 for Pastor and Mrs. John Kenney, who plan to leave this week to accept the pastorate of the Assembly of God Church in Vale. The dinner was held in the school cafeteria, with many friends from the community attending. A friendship quilt was made during the past week and presented to Mr. and Mrs. Kenney. They have been pastors of the Irrigon Assembly of God Church for the past 10 years.

The Rev. W. F. Coy will minister at this church next Sunday morning.

Mrs. Paul Hovinghoff is convalescing at the Good Shepherd Hospital after surgery.

## How much a bushel?

You spend a lot of time and money to work the soil, plant and fertilize the wheat, and maintain your equipment. You get a good year with near perfect weather for good growth. In fact, everything is right.

Except your herbicide.

So you end up paying through the weeds for smaller yields. Poorer grades. Less profits. When you could be bringing in a higher grade. Because you're using a more effective, more selective, more profitable herbicide.

Like Bronate.

Bronate is more effective because it kills a broader range of broadleaf weeds. Including the six specific weeds that are the biggest problem for wheat

farmers here in the Northwest. Which means you kill Tarweed and Gromwell and Henbit and Dogfennel and Crowfoot. What's more, you don't leave Purple Mustard or any of the mustard family around to rob your wheat of moisture and nutrients like one leading herbicide does.

Bronate is more selective because it doesn't get rid of the wheat while it's getting rid of the weeds. It won't damage the crops or carry over in the soil like another leading herbicide.

Which is what makes Bronate more profitable. Because it brings you a higher yield. A better grade. And more money. It's as simple as that.

All you do is apply Bronate post-emergence. The earlier the better after your crop has reached the 3-leaf stage. Then sit back and watch the wheat grow. Nice and healthy. Weed free.

What it adds up to is this: You only pay \$3.45 an acre for Bronate. To get rid of all the broadleaf weeds. To be kind to all the wheat. To bring in a better grade. And to get up to 12 to 20 bushels more per acre. Which is a pretty good investment for the right herbicide.

Don't you think so?
