Good Snow Prompts 4-H Ski Party

Last weekend was the week-end local skiers have been waiting for all year. Excellent deep powder provided great runs for the many skiers who took advantage of the favorable conditions at Arbuckle Mountain. A potluck dinner was enjoyed and plans for the upcoming ski party were made.

The 4-H ski club and friends will have an overnight ski party on March 5 and 6. The week-end party will begin Saturday with late skiing at Arbuckle. The group will be lodged overnight at the Heard's cabin, Bear Claw. Chaperons will be the Curtis Culp and the Loren Lucore's.

The club will get an early start on the full day of skiing on Sunday at Arbuckle with excellent conditions expected.

During this week, a knock at your door may bring a 4-H ski club member selling travel kits. The kits contain handy items in compact size, ideal for traveling. They sell for \$1.00 each and proceeds will go to the U.S. ski team and Arbuckle ski area.

Premature births occur two to three times more often among women who have little or no medical care during pregnancy, according to the March of Dimes.

It's Spring and Horses For Ione Horse Club

Everyone busy with yards and yards of colored plastic clothesline cord—hands busy while the talk was of horses and horsemanship. The regular meeting of the Ione 4-H Trail Riders was in progress! Two junior leaders led the discussion with leaders Maxine Linnell and Donna Peterson adding helpful advice. The question of right and left leads prompted a quick demonstration by Chris, amid giggles from members. Good fun, friends and activity, make meetings interesting.

The lead ropes were interesting. The girls started with four strands of plastic cord each 25 feet long (two colors), braiding the four strands together produces a round rope about an inch in diameter and six feet long. A snap is braided into one end. Maxine explained the ropes are easily washed to be bright and clean for shows. Immaculate equipment is a must for 4-H riders. Care of equipment is basic training.

The Ione 4-H Trail Riders was one of the first 4-H horse clubs organized in Morrow County.

Ministerial Ass'n. Donates Podium To Pioneer Hospital

The Ministerial Association through a donation from Valby Lutheran Church, Ione, presented Pioneer Memorial Hospital with a beautiful hand made podium to be used for Sunday Services in the Nursing Home.

The podium of birch with an inlaid black walnut cross was made by Rev. Rudolph Mensch, pastor of Hope Lutheran Church of Heppner and Valby Lutheran Church of Ione.

They are always an active group. Thru the years they have made their presence known at horse shows by the ability and sportsmanship of the members. With spring in the air, horse club members are ready to ride!

Class Forming For Public Speaking

Are you interested in improving your speaking ability before general audiences, small groups, large groups, chambers of commerce, sales groups, staff meetings, social clubs, service clubs and civic groups?

At one time or another, a person must speak before a group and his effectiveness largely lies in his confidence and ability.

Blue Mountain Community College is offering a course which they think will be of assistance in developing this area, "Effective Communication."

The purpose of this public speaking course is to learn to combine visual materials with adequate and lively presentation of a particular subject or topic, be it to sell, to convince, or simply to inform. The course combines work both in speaking and visual presentation of materials.

The class will be limited in size to offer the greatest amount of personal assistance to the participants. A group of at least 12 interested persons will warrant having the evening class at Heppner.

If interested, you may call Lowell Chally at 676-5562 during the evenings as he is compiling a list of potential students. Or write to Larry O'Rourke, Evening School, BMCC, P. O. Box 100, Pendleton.

Save freezer space. When freezing a combination main dish, put it in a casserole lined with foil, suggests Mrs. Judith Forest, Oregon State University food specialist.

After freezing, lift the food from the dish and wrap for storage. This leaves your casserole free for other uses and freezes the main dish combination in a shape that can be stacked in the freezer. Return to the casserole for reheating later.
