

Assessors Favor Election of Own Kind

The results of a poll to determine how assessors of Oregon felt about the election or appointment of Assessors in Oregon has just been received by Morrow County's Assessor, Joyce Ritch. Of the 36 counties, 24 assessors favored elections, 9 favored appointments and 3 counties failed to report.

Mrs. Ritch said that she favored elections. She said, "I don't feel that anyone would run for the office unless they had knowledge of the responsibilities of office." Then she went on to say that she was sure she wouldn't have run for the office if she hadn't first worked in the assessor's office.

A bill for the appointment for assessors is being considered by the Oregon legislature.

Alfred Drake Home on Leave

Navy Fireman Alfred Drake, son of Mrs. Douglas E. Drake of Heppner, was graduated from recruit training at the Naval Training Center, San Diego.

He attended Blue Mountain Community College, Pendleton.

Alfred visited in the Willamette Valley for several days and then accompanied his mother to Heppner. She had attended a Juvenile Court workshop.

On Thursday they were guests at luncheon of Mrs. Emma Drake.

His mother and brother, Rick Drake, took him to Portland where on March 6 he left by plane for Great Lakes. He will be in school for 17-18 weeks at an electronics school in nuclear power. He expects to be assigned to the submarine service.

STRAYED to our house on Rhea Creek, two young female dogs with new collars, Brittany Spaniel and a German Shorthair. Ted Sabey 989-8436. 12-14c

VAN RIETMANN, center, at his first meeting as director of the Columbia Basin Electric Co-op. Paul Jaeger is on the right.

Van Rietmann is New Co-op Board Member

Van Rietmann, a graduate of Oregon State University in animal husbandry, recently attended his first meeting as a member of the Board of Directors for Columbia Basin Electric Cooperative, Inc.

Mr. Rietmann was born in the Ione area, has lived many years in the Ajax area near Condon where he has operated a ranch since 1948. He is bringing considerable experience as a new board member with him.

He has served two four-year terms on the Gilliam County Court, five years on the School Budget Board, has been elected to and served on the Condon Grain Growers Board, been on the County ASC Committee and is also an active member of the United Church.

Serving on the Columbia Basin Electric Cooperative, Inc.'s Board will cause Van to drive many miles per year and will take him away from his family that includes his son, Tom, a daughter, Marie, and his wife Rosie, who keeps very busy maintaining records and keeping books for their farming and cattle feeding operation.

Van is one of the growing number of ranchers who are successfully marketing feed grains thru a cattle feeding program.

Chris Lovgren Now at Bank

—Chris Lovgren, son of Mr. and Mrs. Robert Lovgren of Lexington, has started work at the Heppner Branch of the First National Bank of Oregon. He is on an operations training program, according to Tom Beam, operations officer for the bank.

Chris graduated from Ione High School in 1968 and graduated in 1970 from Blue Mountain Community College. He is married to the former Terre Sundin of Pendleton.

The fact that Van is well known in the area, has many friends and a good knowledge of the area plus many years' experience managing his own ranching operation will make him a very capable board member.

Irrigon Asks Phone Company For Base Rate

By FRANCES ROSE WILSON

A petition to Pacific N. W. Bell Telephone Co. bearing signatures of Irrigon community residents was presented to the City Council in the March meeting. It asked that consideration be given to a base rate for the community in view of crowded party lines and exorbitant charges for single line service. A resolution was adopted by the council in support of the action.

The petition which bore some 100 signatures was sent to the Pendleton office in charge of Manager Dale Slusher by Mrs. Ernest Jorgensen. The petition was then sent to the head office in Portland for further consideration.

Recorder Ruth Coy was named budget officer and the first budget meeting was set for April 8, when the budget message will be presented.

A letter, accompanied by a certificate of merit, from the State Board of Health was read to the Council, stating that water samples for 1970 had met bacteriological standards.

County Officials To Hawaii Meet

Judge and Mrs. Paul Jones and County Clerk Sadie Parrish returned March 10 from a trip to Hawaii. Judge Jones is vice president of the League of Oregon Counties and Mrs. Parrish is president of the Oregon Clerks and Records Assn. and they were sent as delegates to the conference of the Western region.

There are some 126 islands in that area, most of them very tiny. They toured the main islands, Mrs. Parrish's luggage was lost and was finally located just before they boarded the jet for the homeward trip.

Hawaiian pineapple is soon to become a thing of the past. Cheap labor in Africa and Korea is soon to kill the pineapple industry in Hawaii. The land is to be put into sugar cane since that is a crop that can be farmed mechanically.

Hawaiians say their land is growing. An eruption of the volcano, Mauna Loa in 1956 added 500 acres of land. No one was killed by this eruption which spewed almost a square mile of land into the sea.

They toured the crater and various parts of the main islands. Orchids grow in great profusion as do many other flowers and plants. In bloom were poinsettias and they were about three feet tall.

Judge Jones was surprised by the banyan trees whose immense roots sometimes spread over acres of area.

They were on a three hour boat cruise on their Pearl Harbor tour.

They were told by a driver that the Catholic and Mormon religions are the most popular there.

Mrs. Parrish was impressed by the fact that hardly anyone honks his horn in Hawaii, something they surely appreciated. They visited the world's largest shopping center.

A fire broke out on the 22nd floor of the hotel where they stayed. The doorman said this was the third time the hotel had suffered from arson and they had not caught the culprit.

Mr. and Mrs. Sargent have taken the covers from the windows of their brand new Coast-to-Coast Store here. Building is bulging with new merchandise in a redecorated building with plenty of new paint and bright new signs. They are open for business. The official grand opening is to be next week, March 25, complete with all kinds of prizes.

Local Student Wins OSU Ag Scholarship

Joseph M. Tatone, a freshman at Oregon State University, has been announced as the winner of a \$200 Union Pacific scholarship. He is in the School of Agriculture.

He is from Boardman.

Oregon Drivers' License Examinations will be given at the Morrow County Courthouse, Heppner, March 23, from 9:30 a.m. until 3:30 p.m. Applications should be filed at least 45 minutes in advance of closing hour if you wish to complete examination on same day.

The Gazette-Times is your Moore Forms dealer in Morrow county.

One lives and learns. Mrs. Privity in Central Market caught me with a good one. I thought Lapland was in North Norway and Finland. She convinced me its where the Ozarks lap over into Missouri.

Rep. Irvin Mann's irrigation bill had a big boost create a State water fund loan bank passed the House Natural Resources Committee.

Bill sponsor, Rep. Mann, feels very confident this time that the bill will pass both houses. It failed in the 1969 session.

Only change in this present bill form is lowering the amount of money raised to 2% of the state's valuation instead of 3%. This reduces the amount of

money available to loan from \$480 million to \$320 million.

Robert Woehler stated Tuesday Rep. Mann already has the assurances of Gov. Tom McCall that he will sign the bill putting it on the ballot for 1972. It would then be up for the people to approve in a referendum.

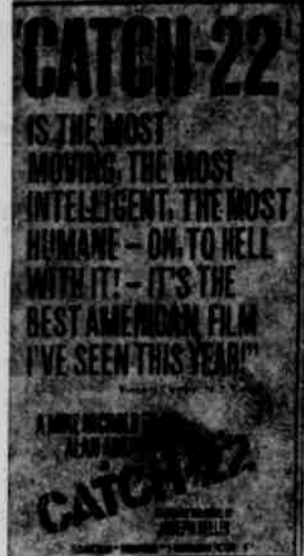

One factor that has changed in this legislative session is the support it has received in Western Oregon.

There had been some criticism that it was an Eastern Oregon bill before.

I think a lot of small land owners and irrigation districts have learned that this bill could help them solve some of their problems and provide them with a source of capital for development," Mann said.
