See 'Agatha' Next Week

The senior class play "All Because of Agatha" is progressing at full speed in preparation for the first curtain opening on Thursday, April 22, and also Friday, April 23 at 8 p.m. The set is going up, publicity is out, costumes are being sewn, tickets being sold, and actors rehearsing lines. Many seniors are participating to assure the success of their play. Mark Miller, Rick Boyce and Terry Hughes have been working every spare minute on the stage set. Diana Cutsforth, the costume director, has been busy checking with each actor on their outfit for the play. Gwen Drake, the business manager, is involved with the presale of tickets and publicity. The actors have been experiencing extensive practice every night of the week.

About the Play

In keeping with today's demand for high school plays with a message, "Agatha" presents one view of the mysteries of the occult. Duff O'Hara (Greg Davidson), a cartoonist for an Eastern Newspaper, and his wife Joan (Dianne Mills) buy a house in Salem, knowing it has been cursed each Nov. 22 by the return of a witch Agatha Forbes (Mary Abrams), since she was burned at the stake 250 years ago.

At the witch-haunting party planned for the big night, Agatha arrives, hideous in her scorched Salem costume, but being unable to frighten the group into leaving the house, asks to be changed into a beautiful enchantress. Casting her spells upon the characters, she creates hilarious scenes where the maid (Becky Doherty) and Flip Cannon (Jim Schaffitz) the news reporter, once enemies, become enchanted lovers, where conservative Dr. Randoiph (Steve Hedman) completely reverses his personality to chase Joan's aunt (Darlene Warren) round and round the set and catch her . . . where Madame La Solda, a Latin-chanting medium (either Lib Abrams or Linda Clough) insists on using garlic cloves and chicken feathers with her Latin to put everyone in a trance. The senior class which is presenting the play offers an evening of laughs and good entertainment.

Dee Ann Pettyjohn and Dan Sweeney complete the cast. Others working are Kelley Wolf, stage manager, Karen Cox, prompter, and Rick Boyce and Mark Miller are stage carpenters. Gwen Drake is business manager. Tickets are now on sale at the school.

Mr. and Mrs. James Bell of Tacoma spent several days of their spring vacation at the home of her parents, Mr. and Mrs. Millard Nolan and with her brother, the Vern Nolans. They also visited with Mrs. Bell's grandmother, Mrs. Myra Peck. The Bells both teach in the Tacoma schools.

VALERIE BOYER

Val Wins Again

Val Boyer has winning ways with her typewriter and this time she has won first place in the 6th Judicial Bar Association Contest. Her essay entitled "Channel Change Through Law and Reason" will be judged on the state level on April 20. The first 5-place winners will be notified by the Oregon State Bar. She will be presenting her \$25 bond at the Sixth Judicial Bar Assn. meeting in June.

With a little nudge from Vi Lanham, counsellor, Val entered the contest which was her second one this year. She also won the Citizenship essay contest sponsored by the Soroptimists. She plans to enter the University of Oregon this fall. She has an interest in journalism and library science so her major will probably be the humanities as she says "however it comes out".

She has another interest and that one flying. She, with Tom Cutsforth, goes to Ground School every Monday night.

The Essay

She feels the deductions of her paper may very well be the results of her Eastern Oregon background of living in the wide-open spaces and clear air, uncrowded conditions where an individual is recognized plus a love of reading. Reading the daily newspaper, hearing the TV and radio news casts and talking with students who have seen the rebellious upheaval on the Oregon campuses prompted her to write the following essay.

Channel Change Through Law and Reason

By VAL BOYER

There are no grounds to the argument that because our country was born in the violence of revolution, violence is then a just means of communicating opposition today. An outburst of temper, whether by a four year old or a group of "adults" can only serve to alienate those who might otherwise be willing to listen.

The men who wrote the Constitution realized that as the new nation grew it must change, so they wisely made provision for those in the Constitution itself. Any law can be revised or eliminated entirely if, after due deliberation by responsible persons, it is deemed outdated, irrelevant or not in the best interests of the majority of those concerned.

Considering this fact what possible reason could exist for violent demands? Can one compensate for lack of popular support by throwing bombs?

We live by rules. If these rules are the products of illogical and unreasonable processes—what kind of people are we?
